FG PUTS MACHINERY IN MOTION TO CURB FAKE DEGREES/ CERTIFICATES

President of the Federal Republic of Nigeria, His Excellency, Senator Bola Ahmed Tinubu, GCFR.

The President of the Federal Republic of Nigeria, His Excellency, Senator Bola Ahmed Tinubu, has decried the alarming rate at which fake

degrees and certificates are gradually encroaching into the nation's education system.

Mr President made this declaration at the combined convocation of the Abubakar Tafawa Belewa University, Bauchi, held on Friday, 23rd February, 2024.

In his remarks, the President frowned at the incursion of fake certificates into the country's tertiary education system while assuring the nation that government would do the needful to safeguard the integrity of the sector.

X-RAYING THE GOLDEN HEART OF PROF. OLOYEDE - BY AMINA HARUNA

Perhaps it is on account of the impressive pedigree of the current Registrar of the Joint Admissions and Matriculation Board (JAMB) that the staff of the Board were expectantly upbeat knowing that their lot would be further enhanced.

They were not disappointed as a few weeks after his assumption of office in 2016, Prof. Is-haq Oloyede, the current Registrar of the Board, rolled out his five-

point agenda with staff welfare given deserved priority.

In this regard, the members of staff of the Board were soon to witness a state-of-the-art staff canteen built to provide free lunch for all staff, regardless of cadre, at the Board's Headquarters in Abuja. It would be noted that the impact of the free lunch transcends just the provision of food alone as it is also about ensuring

the integrity of the education system given the recent discoveries of unsavoury happenings by the Board. In addition, the two agencies expressed their resolve to adopt stronger measures to curb certificate forgery as well as thwart the efforts of dubious graduates, who are hell-bent on getting themselves mobilised for the national youth service.

The Registrar, JAMB, Prof. Is-haq Oloyede, disclosed this shortly after a brainstorming session with the NYSC leadership at the NYSC National Secretariat Abuja, on Wednesday, 3rd April, 2024.

He pointed out that the desperation by those, who are not eligible but want to serve in the scheme, brought about what he described as "NYSC syndrome" through which unscrupulous candidates attempt to doctor their date of birth, through correction of names and other data, among others, with some even

mobilisation adding that efforts are being made to fish out such nefarious characters.

He also stated that security operatives had been contracted to apprehend these fraudsters. He, however, noted that a lasting solution would be made to amend the mobilisation requirements with a view to coming up with proactive steps to ensure that no fake certificate pass through the process. He, therefore, called for strategic collaboration to mitigate all incidences of certificate forgery to safeguard the integrity of our institutions and the certificates issued by them.

The Registrar expressed strong concern with the increasing spate of lawlessness in the system, which he said are aided by examination infractions. He cited the recent case of a 300 Level medical student from the University of Jos, who was killed by his classmates, who alleged that

he had paid him money to bribe a technician in the institution to pass his examination but failed the examination when the result was released suspecting that his late classmate did not fulfill his part of the agreement. Prof Oloyede expressed concern over the new dimension examination malpractice is gradually taking saying this requires all efforts to address it.

In his remarks, the Director-General, NYSC, Brig. Gen.Yusha'u Ahmed, commended JAMB under the leadership of Prof. Oloyede for its series of landmark achievements. He described the Board as a reliable and critical stakeholder, which contributions cannot be underestimated in national discourse.

Furthermore, he stated that the NYSC would not take anything for granted while expressing his readiness to partner with JAMB and expressed appreciation for the insights given. He further decried the menace of certificate forgery, which, according to him, was capable of compromising the noble objectives of the Corps. He cited a particular

In her response, the Assistant Director, Psychometrics, Dr. Aminat Egberongbe, assured the mosque

...X-raying the Golden Heart of Prof. Oloyede By Amina Haruna

that every staff, whether junior or senior, has access to nutritious meals during any given workday.

Also, the significance of this gesture, modest as it is, cannot be overstated as by offering free lunch, the Registrar is not only alleviating the financial burden on employees but is also fostering a sense of camaraderie among the staff. It is, therefore, a veritable tool for promoting teamwork and collaboration among staff as gathering for lunch on a regular basis encourages social interaction and bonding.

In addition, gestures such as this could also serve as a reminder of the importance of kindness in the workplace as well as the fact that small acts of generosity can have a big impact on employee satisfaction and overall organisational success.

Providing free lunch also has practical benefits for employees. It

saves them money and time, as they no longer have to worry about bringing lunch from home or finding affordable options nearby. This allows them to focus more on their work and less on their next meal.

The decision to include both staff and non-staff in this initiative highlights Prof. Oloyede's commitment to inclusivity and equality in the workplace. For the records, the National Headquarters staff, who are eating at the canteen is approximately 400. In addition, 120 individuals at the Test Development Department Complex are also beneficiaries, taking the total number to 520. This is, aside the army of august visitors, who daily throng the Board, the Board's contract workers such as the cleaners, and security personnel, among others.

The meals come in different shapes and mouthwatering varieties spanning African and continental dishes to the delight of both staff

and visitors alike.

Furthermore, as the Holy Month of Ramadan is in full swing, Muslim faithful, who are observing the fast, have their meals substituted with assorted fruits and beverages.

This landmark initiative of Prof. Oloyede has set a positive example for other organisations to follow. It shows that simple acts of kindness can have profound impact on employee's morale. By prioritising the well-being of his staff, Prof. Oloyede is not only improving the workplace culture in JAMB but is also setting a standard for compassionate leadership.

Hence, it is seen that the provision of free lunch for all staff at the JAMB National Headquarters, Abuja, by the current leadership of the Board led by Prof. Is-haq Oloyede, could be conveniently situated against the backdrop of his commitment to inclusivity, equality, and employee's well-being.

OLOYEDE: A BREATHE OF FRESH AIR IN JAMB BY ABDULRASAQ OLARENWAJU BHADMUS

In its over four decades of its existence, the Joint Admissions and Matriculation Board (JAMB) has grown in leaps and bounds thanks to the series of visionary and able leadership it has been blessed with.

It is heartening to note that the successes recorded are against the backdrop of the uncharitable activities of examination malpractice cartels, desperate candidates and parents, who see the Board as obstacles to their envisaged success.

This was probably the reason for the robust optimism expressed by all and sundry at the assumption of office of the current Registrar of the Board in the person of an astute administrator, Prof. Is-haq Oloyede, as no one was left in doubt as to the direction he would chart for the Board to curb the excesses of examination cartels, who have grown even more daring and sophisticated.

Hence, within the space of a few months in office, he had not only consolidated on the achievements of his predecessors but was also able to reposition the Board to meet the challenges of the 21st century operating environment.

Hence, the appointment of the former Vice Chancellor, University of Ilorin, has been rightly perceived as a breath of fresh air, which has prepared the Board sufficiently to justify the renewed confidence in the operational processes of the Board. Aside this, conscious efforts were expended to leverage on state-of-the-art technology to cut costs coupled with the increased patronage by other agencies for its services leading to the humongous remittances of billions of naira into the coffers of the nation.

Perhaps this piece would not be complete without a generous mention of the tremendous impact of the Board's Central Admissions

Processing System (CAPS), which was introduced by the Prof. Oloyede-led administration as an automated and transparent means of processing admissions into the nation's tertiary institutions, thereby putting admission racketeers out of business in addition to enabling a level playing field for all admission seekers.

As observed in extant literature, the institution of the Computer-Based Test (CBT) by the Board in 2015 and sustained by the current leadership is in itself an eloquent testimony to the administrative acumen of the Registrar and his management team.

As JAMB marches on in its avowed determination to root out corrupt practices in the conduct of public examinations in the country, all hands should be on deck to render necessary support as it is set to record even more phenomenal successes in the years to come.

CAREER IN FOCUS

BY OMOTOYOSI ADENLE, QA DEPARTMENT

METALLURGICAL AND MATERIAL ENGINEERING

Career in Focus is a new column in the Board's weekly publication, JAMBulletin. This column would be featuring content on profitable but not popular courses in Nigerian tertiary institutions as a way of creating career awareness for prospective candidates, most of whom lobby to study such courses as Law, Medicine, Engineering, Accounting, among others. This month, the career in focus is Material and Metallurgical Engineering.

Material and Metallurgical Engineering is a field that focuses on the study, development, processing, and application of materials, particularly metals and alloys. It encompasses various aspects related to understanding the properties, structure, and behaviour of materials, as well as designing and improving their performance for specific applications.

Let's break this further down. Imagine you have a big box of Lego bricks. A Material and Metallurgical Engineer is akin to a Lego master builder, but instead of building toys, he works with real materials such as metals, plastics, and other stuff that make up the world around us. So, let's say you have a bunch of different Lego bricks. Some are big, some are small, and are of different colours. Material engineers study all these materials to understand what they are made of, how they are put together, and how

they can be used to make some really cool stuff.

Now, let's talk about metallurgical engineering. Imagine you have a special set of Lego bricks that are made of metal, such as steel or aluminum. Metallurgical engineers focus on these metal 'Lego bricks'. They figure out how to make them stronger, lighter, and more durable. They also learn how to shape them into different things, like cars, buildings, or even spaceships! So, in simple terms, material and metallurgical engineering is all about understanding different materials and figuring out how to use them to build amazing things that make our world better and more awesome! Some key components of material and metallurgical engineering include materials science, metallurgy, materials characterization, materials processing, materials selection and design, failure analysis and prevention, industry applications and research and development.

The career prospects for material and metallurgical engineers are diverse and promising, with opportunities available in various industries and sectors. Here are some areas where knowledge in material and metallurgical engineering can be utilized: Aerospace Industry; Automotive Industry; Energy Sector; Electronics

and Semiconductor Industry; Medical and Healthcare Industry; Construction and Infrastructure; Defense and Aerospace; Research and Development; Manufacturing and Process Industries and many more. It is a five-year course under the faculty of Engineering.

UTME subjects required are: Use of English, Physics, Mathematics and Chemistry. O' level requirements are a credit pass in English Language, Mathematics, Chemistry, Physics and Biology. For special waivers from institutions, check the brochure on www.ibass.jamb.gov.ng.

Institutions offering material and metallurgical engineering include: Air Force Institute of Technology (AFIT), Nigerian Army University, Biu, Ambrose Alli University, FUTMINNA, UNILORIN and others. Check www.ibass.jamb.gov.ng for a comprehensive list of accredited institutions offering the course.

In Nigeria, the regulatory body for material and metallurgical engineers is the Council for the Regulation of Engineering in Nigeria (COREN) while the professional body is the Nigerian Metallurgical Society (NMS). A few outstanding Nigerian material and metallurgical engineers, who have made significant contributions to the field include: Professor Samuel John Ajayi, Professor Fola Esan and Dr. Theresa Akamabebe.

2024 DE REGISTRATION INSTRUCTION TO ALL REGISTRANTS

All registrants are to note that owing to the non-responsiveness of the following institutions to the 2023 verification requests from the Board, all candidates, who intend to use such certificates for Direct Entry application will, henceforth, have to pre-verify such certificates through the Board's Central

Admission Processing System(CAPS) to complete their registration. This measure is necessary to ensure that the Board will not have to go through the stress of getting concerned institutions to verify certificates issued by them.

For the avoidance of doubt, only candidates intending to use the certificates of the following fifteen

institutions will be subjected to the pre-verification process. Since all others are in good standing with the DE registration process, their candidates would be registered without pre-verification.

RE: ADVISORY ON 2024 DIRECT ENTRY (DE) REGISTRATION, VERIFICATION AND ALIGNMENT OF DATA

This advisory is issued to guide stakeholders on the alignment of data for the 2024 DE registration and verification of candidates' data

1.0 PREAMBLE

The Board has been receiving series of complaints from institutions on candidates with forged or fake A-level certificates. Each institution has the policy of verifying the credentials of admitted candidates to ascertain their authenticity. One of such exercises was carried out by Bayero University, Kano, where the results of 148 admitted students were verified and 142 of them were found to be forged or faked. The Independent Corrupt Practices and other related Offences Commission (ICPC) in conjunction with the Federal Ministry of Education and JAMB subsequently carried out a sting operation at the A-level examination venues across the country. The result of which was extremely embarrassing to the Education sector. The then Chairman of ICPC said that much.

As a result of this, the Board had to, with the approval of the Federal Ministry of Education, act appropriately and establish the Nigeria Integrated Post-Secondary Education Data System (NIPEDS) which has the mandate to verify all A-level certificates used in the DE application before admission is considered.

2024 DE CANDIDATES VERIFICATION FLOW

Find below the flow of candidates' verification by NIPEDS:

Every candidate presents his/her credentials for DE registration at any of the JAMB PRCs/State Offices.

a. Upon receiving the document, it is classified as follows:

- i. For IJMB, JUPEB, NABTEB or Cambridge (post-2018) certificate or awaiting result candidates of IJMB, JUPEB or NABTEB, the candidate data is compared to the databank on NIPEDS for such qualifications. The system checks with the candidate's number as supplied by the respective examination body. The system verifies alignment of name, qualification, subject and grades (where applicable). Once the alignment is confirmed, the candidate continues and completes his/her registration.
- ii. For other qualifications other than "i" above, the credentials of the candidates are transmitted to the respective institution to authenticate/verify the claim.
- iii. If the institution is compliant (credibility of prompt response to verification request in 2023), the candidate is allowed to complete his/her DE registration without waiting for verification of the result from the awarding institution. For the avoidance of doubt, the following 15 institutions are regarded as non-compliant for the on-going 2024 DE registration:

A. Four (4) Universities:

- i. Ahmadu Bello University, Zaria (565 candidates);
- ii. University of Nigeria, Nsukka (125);
- iii. Ekiti State University, Ado-Ekiti (61); and
- iv. Federal University of Technology, Owerri (12).

B. Five (5) Polytechnics/Monotechnics:

- i. Nuhu Bamalli Polytechnic, Zaria (61);
- ii. Akanu Ibiam Federal Polytechnic, Unwana, Afi kpo, Ebonyi State (58);
- iii. College of Health Technology, Calabar (25);
- iv. Best Solution Polytechnic, Akure, Ondo State (24) and;
- v. Federal College of Animal Health and Production Technology, Vom, Plateau State (24);

C. Six (6) Colleges of Education:

- i. Cross River State State College of Education, Akamkpa (91);
- ii. Kashim Ibrahim College of Education, Maiduguri, Borno State (72);
- iii. College of Education, Katsina-Ala, Benue State (47);
- iv. Osun State College of Education, Ila-Orangun, Osun State (27);
- v. Shehu Shagari College of Education, Sokoto (25); and
- vi. College of Education, Waka-Biu, Borno State (20).

2.0 EXPERIENCE/LESSONS FROM 2023 VERIFICATION EXERCISE

The Board had on 23rd February 2023 issued an advisory to guide the registration of candidates seeking admission through Direct Entry (DE) in the 2023/2024 academic session. That was to address the issue of candidates who intended to use forged or fake A-level certificates/qualifications to secure admission.

For effective monitoring, DE registration from 2022/2023 academic session, has been restricted to JAMB-PRCs (offices).

For 2023 registration, of the 44,866 candidates who applied for the DE (or converted from UTME) 1,957 have so far been disclaimed by institutions/examination bodies.

The verification exercise by the Nigeria Post-Secondary Education Data System (NIPEDS) also revealed some discrepancies which could unduly disadvantage students/candidates or provide avenue for their impersonation. The discrepancies are:

S/N	Title	Description	2024 Solution provided by JAMB
i.	Discrepancies in Qualification	between what is in the A-level certificate presented by candidates and data supplied by the examination bodies	link with examination body and dropdown has resolved the mischief for 2024
ii.	Discrepancies in Names	between what is in the A-level certificate presented by candidates and data supplied by the examination bodies	link with examination body and dropdown has resolved the mischief for 2024
iii.	Discrepancies in Subjects	between what is in the A-level certificate presented by candidates and data supplied by the examination bodies	link with examination body and dropdown has resolved the mischief for 2024
iv.	Discrepancies in Grades	between what is in the A-level certificate presented by candidates and data supplied by the examination bodies	link with examination body and dropdown has resolved the mischief for 2024
v.	Discrepancies in Examination numbers and years of graduation	between what is in the A-level certificate presented by candidates and data supplied by the examination bodies	link with examination body and dropdown has resolved the mischief for 2024

Consequently, the Board introduced new measures, through the **THIRD-PARTY A-LEVEL DATA ALIGNMENT PLATFORM (TALDAP)**, to align the data supplied by the candidate with the data supplied by the examination bodies before DE registration.

Be guided, please.

He stated that based on the list presented by the institution, it was clear that some of the students had served and had collected their discharge certificate, others still serving while some did not bother to report for mobilisation. HOW UNIJOS STUDENT WAS KILLED BY COURSE MATE-OFFICIAL

...Culled from Daily Trust Newspaper, Friday, April 5, 2024

Abdulsalam Idris, a 300-level medical student of the University of Jos (Unijos), died yesterday in the institution's clinic after allegedly sustaining severe injuries following an assault by a group allegedly led by a fellow student, Fisal Dahiru Ibrahim.

Unijos' security unit confirmed the death, saying the corpse had been transferred to the Jos University Teaching Hospital (JUTH) for

autopsy.

The acting Chief Security Officer of Unijos, Agama Solomon, said the suspect claimed to have given Abdulsalam N30,000 to bribe a technician for exam grades but that when the results were released and the suspect failed he reportedly orchestrated an attack that led to Abdulsalam's death.

He noted that the suspect had been apprehended and handed over to

the police.

It was learnt that the incident occurred shortly after both the victim and the suspect completed their final examination in the 300L.

The death of Abdulsalam sparked concerns among his peers, who believed that such a violent outcome was unjustified and that he did not deserve to be treated in a manner that led to his death.
