Prof. Is-haq Oloyede, Registrar, JAMB delivering his lecture at UIAA.

In a bid to leave a lasting legacy, Professor Is-haq Oloyede, the Registrar of the Joint Admissions and Matriculation Board (JAMB), has

championed the ideals of moral rebirth, patience, resilience, and attitudinal change as essential virtues for success and national development.

During a lecture titled "Today's Pain, Tomorrow's Gain," organised by the University of Ibadan Alumni Association (UIAA) Asaba Chapter in honor of Sir Okey Ofili, former Head of Service of Delta State, who recently celebrated his 70th birthday, Professor Oloyede emphasized that these virtues are vital for individuals and groups striving to overcome challenges and achieve their aspirations. He remarked, "We celebrate instant gratification, quick victories, immediate

OKOWA IS A WORTHY AMBASSADOR OF UI

The Registrar of JAMB, Prof. Is-haq Oloyede, has praised His Excellency, Senator Dr. Ifeanyi Okowa, the immediate past Governor of Delta State, as a worthy ambassador of the University of Ibadan. He remarked that Okowa is not one to climb to great heights and then discard the ladder. Prof. Oloyede highlighted the former governor's legendary contributions to his alma mater and the University of Ibadan alumni local chapter in Asaba. He

informed Senator Okowa that he was in Asaba to deliver the University of Ibadan Alumni Association's 2025 Annual Lecture. "As the chairman of the occasion, I am here to express my gratitude for all you have done for the University of Ibadan and to urge you to lend your voice to the Board's efforts in combating examination malpractices and other societal vices," he stated.

In response, His Excellency Senator Okowa thanked the Registrar for his visit

results, and instant comfort," highlighting a cultural tendency that often undermines the value of perseverance.

In his thought-provoking presentation, Professor Oloyede drew inspiration from the Chinese concept of "Yin and Yang," symbolizing the interplay of darkness and light. He articulated that this philosophy serves as a guiding principle for understanding the relationship between pain and pleasure, hardship and reward, and joy and sorrow—elements that are inextricably linked on the path to personal growth.

He also referenced the Japanese philosophy of "Ikigai," which translates to "a reason for being." This philosophy merges passion, purpose, and practicality, encouraging individuals to assess their strengths and weaknesses. "Ikigai provides a roadmap to find balance and joy in everyday life," he noted, urging new graduates and alumni to embrace its core tenets.

Professor Oloyede highlighted

exemplary alumni of the University of Ibadan, including Professor Grace Alele-Williams, Professor Wole Soyinka, and Professor Jubril Aminu, celebrating their resilience and groundbreaking achievements in the face of daunting challenges. He encouraged the youth to emulate these distinguished individuals who have carved out their own paths to success.

He stated, "Facing one challenge or another is part of perseverance, transforming struggles into stepping stones."

In his lecture, he explored the interplay of growth, likening it to the emergence of light from darkness. He wove together the wisdom of the Yin-Yang and Ikigai philosophies, crafting a narrative of balance, purpose, and resilience.

Earlier, in his welcome address, Mr. J.I. Kagho, Chairman of the UIAA Asaba Chapter, explained that this year's lecture honoured Sir Okey Ofili for his remarkable contributions to the growth and development of the Asaba Chapter and his exemplary

leadership in the Delta State Public Service.

He praised Sir Ofili's long and impactful tenure in public service, emphasizing his dedication to humanity and his demonstration of wisdom, strength, courage, resourcefulness, intelligence, and goodwill that transcends boundaries.

Mr. Kagho stated, "As a Chapter, we are committed to identifying and honouring meaningful platforms for character development and addressing societal challenges. We take pride in celebrating him as part of his 70th birthday festivities."

He commended the guest lecturer, describing Professor Oloyede as a "highly accomplished and experienced professional in both academia and administration," whose extensive career encompasses expertise in management, policy formulation, product development and teamwork.

BLUEPRINT, WEDNESDAY, JULY 30, 2025: College Rector Bags 7 Years for Running Fake Degree Courses: The Independent Corrupt Practices and Other Related Offences Commission (ICPC) has secured the conviction of the Founder/Rector of International College of Administration Science and Technology, Auta Balefi, Nasarawa state, Mr. Olaniran Satiregun, for running fake and unapproved courses in his college in Nasarawa state.

According to a statement by ICPC Director, Public Enlightenment and Education, Mr. Demola Bakare, Mr. Satiregun was first arraigned alongside the institution in 2024 on a three-count charge bordering on obtaining by false pretence, contrary to Section 1 of the Advance Fee Fraud and Other Related Offences Act.

He said the Commission's Prosecutors, led by Mr. Adesina Raheem, in the course of the trial detailed how the two defendants deceived unsuspecting applicants by offering admissions to study courses that were not accredited by the regulatory body.

The spokesperson said investigations revealed that the institution only got approval from the National Board for Technical Education (NBTE) to run four courses.

He noted that it was, however, discovered that the institution between the years 2019 and 2021 offered admissions to some applicants into the College to study courses like Nursing, Public Health, and Computer Science.

The spokesperson said the Judge also sentenced the 2nd defendant, Mr. Satiregun, to 7 years imprisonment without the option of a fine. "The Judge further directed that all fees collected from the unsuspecting students who were offered illegal courses in the college be refunded to them and that the institution should limit itself to just four courses approved by the approving authority," he added. MANDATORY USE OF THE NATIONAL IDENTIFICATION NUMBER (NIN) FOR REGISTRATION WITH JAMB BY CANDIDATES APPLYING FOR NON-REGULAR PROGRAMMES

This Advisory is issued to all the concerned institutions, and candidates desirous of applying to study under the non-regular mode of study in tertiary institutions in Nigeria.

As part of measures to checkmate the nefarious activities of fraudulent characters, who are scheming to compromise candidates' records through dubious registration channels and in compliance with its enabling act, JAMB has mandated that all applicants desirous of studying in Nigerian tertiary institutions must provide their NIN while registering for any programme of study in any tertiary institution in Nigeria irrespective of whether the mode of study is **regular and non-regular**.

2. Consequently, it has now become mandatory for all prospective candidates in the **non-regular category (NOUN, Distance Learning, Part-time and Sandwich programmes)** to create a profile code, before registering with JAMB, by sending their NIN, through their unique phone number to either of the Board's sort code (55019 or 66019).
3. Immediately after the creation of profile, each candidate will proceed to a CBT Centre for registration. After the registration, the candidate's details will appear on the CAPS of the institution of choice under non-regular admission. The institution will then propose and recommend to the Board for approval and the candidate will accept and print admission letter.
4. Furthermore, all previous candidates in the non-regular programmes, who had not integrated their NIN or unique phone number on the Board's platform, would have to create a profile using their respective NINs to access any of the services of the Board.
5. No candidate can use the process to change any of the data already supplied to the Board.
6. JAMB, as a responsive organisation that is conscious of the peculiarities of the non-regular studies, will continue to make the registration process as flexible as possible by making its platform available throughout the year. It is, therefore, expected that candidates, who fall under this category, will apply through JAMB before approaching their preferred institutions to process their admission with their respective JAMB registration numbers. They would also be expected to pay their preferred institution a processing fee as determined by the respective institutions.
7. Please be guided for compliance.

BABATUNDE CHARGES FRESHERS ON CODE OF CONDUCT

The Osun State Coordinator of the Joint Admissions and Matriculation Board (JAMB), Mr. Jacob Babatunde, has charged the matriculating students of the Seventh-Day Adventist College of Nursing, Ile-Ife, Osun State, to steer clear of unwholesome practices on campus, saying they should rather concentrate on their academic pursuits.

Babatunde, who was represented by Mrs. Adekemi Alayoayo, Head, Matriculation and Monitoring Unit, Osun State Office, disclosed this in her goodwill message at the maiden

matriculation ceremony of the institution held on Tuesday, 29th July, 2025, at the Seventh-Day Adventist Youth Centre, Ile-Ife.

The Coordinator, while congratulating the students on their good fortunes, urged them to be diligent in their studies and shun those social vices that could distract them from achieving their dreams.

Earlier in his address, the Provost of the school, Elder M.T Alao, advised the students not to see their profession as a means to an end, rather, they should see it as an opportunity to save lives while

speaking against "JAPA syndrome through which many professionals had gone abroad in search of greener pastures after being trained in Nigeria.

He urged the new students to be determined to join the league of those making positive waves in the nursing profession in Nigeria while encouraging them to acquaint themselves with current trends in the profession, especially with respect to telemedicine, nursing informatics, simulation and nursing care, among others.

He also expressed his company's readiness to synergise with the Board, especially with respect to providing comprehensive insurance for the Board, noting that some aspects of the scheme could be in terms of providing insurance cover

for candidates sitting the Unified Tertiary Matriculation Examination (UTME) and the provision of vehicle insurance for staff, among other potential mutual areas of partnership with the Board.

Furthermore, Mr. Edeh disclosed that Norrenberger is in the business of unlocking opportunities through the provision of cutting-edge investment options and access to alternative financing, which in turn allows people to bring their innovative ideas to life and expand their existing businesses.

Other areas of operations pointed out by the MD included Investment Portfolio Management, Seamless Onboarding Process, Instant Statement Generation, Profile Management, among other services.

He also commended the Registrar for his transformational agenda since he assumed the leadership of the Board noting that he had been able to reposition the Board for

greater glory while effectively positioning the Board to better serve the nation and its stakeholders in particular.

In his remarks, the Registrar thanked the delegation for the visit adding that he had made it a priority to attend the meeting to underscore the importance he attached to the visit.

He welcomed the various suggestions put forward by the company but noted that the Board had done almost all that were suggested. He, however, stated that two of them stood out.

The first is that of providing insurance cover for UTME candidates while the other is that of staff personal car insurance scheme, which he said could be explored further especially after accessing more information bordering on the antecedents and financial status of the company so as to make informed decisions on the various proposals.
