"Abiding by the rules of engagement for a fruitful service delivery is a matter of necessity that must not be handled with levity," he said.

OFFICE OF THE REGISTRAR

No. 2024ff.04

6th May, 2024

MANDATORY USE OF THE NATIONAL IDENTIFICATION NUMBER (NIN) FOR REGISTRATION WITH JAMB BY CANDIDATES APPLYING FOR NON-REGULAR PROGRAMMES

This Advisory is issued to all the concerned institutions, and candidates desirous of applying to study under the non-regular mode of study in tertiary institutions in Nigeria.

As part of measures to checkmate the nefarious activities of fraudulent characters, who are scheming to compromise candidates' records through dubious registration channels and in compliance with its enabling act, JAMB has mandated that all applicants desirous of studying in Nigerian tertiary institutions must provide their NIN while registering for any programme of study in any tertiary institution in Nigeria irrespective of whether the mode of study is **regular and non-regular**.

2. Consequently, it has now become mandatory for all prospective candidates in the **non-regular category (NOUN, Distance Learning, Part-time and Sandwich programmes)** to create a profile code, before registering with JAMB, by sending their NIN, through their unique phone number to either of the Board's sort code (55019 or 66019).
3. Immediately after the creation of profile, each candidate will proceed to a CBT Centre for registration. After the registration, the candidate's details will appear on the CAPS of the institution of choice under non-regular admission. The institution will then propose and recommend to the Board for approval and the candidate will accept and print admission letter.
4. Furthermore, all previous candidates in the non-regular programmes, who had not integrated their NIN or unique phone number on the Board's platform, would have to create a profile using their respective NINs to access any of the services of the Board.
5. No candidate can use the process to change any of the data already supplied to the Board.
6. JAMB, as a responsive organisation that is conscious of the peculiarities of the non-regular studies, will continue to make the registration process as flexible as possible by making its platform available throughout the year. It is, therefore, expected that candidates, who fall under this category, will apply through JAMB before approaching their preferred institutions to process their admission with their respective JAMB registration numbers. They would also be expected to pay their preferred institution a processing fee as determined by the respective institutions.
7. Please be guided for compliance.

...Prof. Lar Visits JAMB, Restates Commitment to Elevate Yakubu Gowon University

The Registrar of JAMB, Prof Is-haq Oloyede(m); the Vice-Chancellor, Yakubu Gowon University, Prof Patricia Lar (2nd left) with other principal officers of the university during the VC's visit to JAMB

leave a lasting legacy for her successor. Prof. Oloyede commended the university for its improved compliance during the 2024 admission exercise, noting, "I am impressed with the university's progress in compliance, as demonstrated in the 2024 admission process. While there is still room for improvement, this year's exercise marks a clear departure from past practices." He further explained that conducting admissions in accordance with established rules protects the university from various issues, including infractions, hacking, and manipulation.

Prof. Lar was accompanied by the Acting Registrar of the university, the Deputy Vice Chancellor (Academic), the Admissions Officer, and other members of the university community during her visit to JAMB.

is realized. She emphasized her goal of aligning the institution's admission processes with established guidelines, stating, "I am new and want to address all issues related to admissions, ensuring that students

...JAMB Exam is Not Internet Based - Oloyede Tells NAPPS

During the visit, the Registrar, pointed out that the clarification became necessary in view of the erroneous belief in some quarters that the UTME is conducted using internet and that it is the poor internet connectivity that is responsible for the glitches recorded in the course of the examination in some cases.

According to him, the Board uses Local Area Network (LAN), which is a computer network that interconnects computers within a limited area such as a residence, campus, or building, using its own network protocols and is locally managed.

He stated that LANs facilitate the distribution of data and sharing of network within a limited area. He noted that these items of data are encrypted with other safety measures before they become accessible on the computer terminals of candidates to kick start

the examination.

On the partnership with the National Identity Management Commission (NIMC), Prof. Oloyede stated that the possession of a National Identification Number (NIN) is a precondition for UTME registration. He also used the opportunity afforded by the visit to brief the delegation on the Board's policy on data correction, changes in data obtained from NIMC and the consequences of such actions, among others.

Speaking further, the Registrar said change can occur when it becomes inevitable and where there is an apparent error but this would not be done without a footnote to safeguard the integrity of the system.

He advised the delegation to take advantage of the "REQUERY" window on the Board's portal in the event of any gaps noticed in the data supplied adding that the Board

would not allow any form of obliteration of candidates' history and enjoined NAPPS to join it in the war against fraud.

The Registrar also stated that the UTME registration is not a school-based exercise as obtained with the West African Examination Council (WAEC), the National Examination Council (NECO) and other school-based examinations.

Earlier, the President of NAPPS, Dr. Samira Jubrin, had raised some concerns about such issues as registration, technical glitches, NIN and correction of data, and a host of others.

She commended the Registrar for his laudable work in JAMB and urged him not to rest on his laurels. She indicated the readiness of the association to partner with JAMB for mutual benefit.

LUTH HOLDS JOINT SCHOOLS MATRICULATIONS FOR 2024/2025 ACADEMIC SESSION

The Lagos University Teaching Hospital (LUTH) has held its Joint Schools Matriculation Ceremony for the 2024/2025 Academic Session. The programme was held to welcome newly-admitted students into the School of Biomedical Engineering, School of Health Information Management and the School of Nursing Sciences. While addressing the matriculants, the Chairman of the Advisory Committee for the Joint Schools Matriculation, Prof. Ayodeji Oluwole, congratulated the students on their good fortunes at gaining admission to the institution. He reminded them that out of the multitudes that applied to the institution, only a few were selected. In his words, "You had made the right choice, but you should know that many had applied but few were

chosen. So, know the reason why you are here and ensure you meet all the requirements to graduate."

Continuing, the Chairman said, Biomedical Engineering is one field that is not properly recognised, but one that is becoming more and more acknowledged in Nigeria today."

In the same vein, Prof. Oluwole urged students of the College of Nursing Sciences to take their profession seriously, as their duties involve contact with the sick and the elderly, among others. He assured them of the institution's commitment to making the College one of the best in Nigeria.

In his goodwill message, the Zonal Director, Lagos Office, Mr. Billiaminu Shittu, who was represented by Head, Matriculation Monitoring Division, Mrs. Theresa Osemweghie, urged the students to approach their

education with passion and dedication.

"Today marks your journey to becoming skilled medical professionals, your programme is more than a career, it is a discipline that requires passion," she said.

She added that, the students should make use of their knowledge for the betterment of the country instead of succumbing to the Japa syndrome.

Mrs. Osemweghie also solicited the institution's commitment to best practices in terms of maintaining its academic standards and by adhering to all Board's rules and regulations on CAPS.

She concluded by asserting that the matriculation ceremony marked the beginning of an academic journey for the students while urging the school management to uphold the institution's legacy of excellence.

2025 UTME/DE REGISTRATION: JAMB, NIMC SET UP HELPDESK

The National Identity Management Commission (NIMC) has declared its readiness to continue to partner with the Joint Admissions and Matriculation Board (JAMB) to promptly resolve challenges faced by candidates on profile creation by prospective candidates for the 2025 UTME registration. To this end, NIMC has indicated its willingness to set up Helpdesks at JAMB offices nationwide.

This was revealed at the strategic meeting held on Thursday, March, 7th, 2025, between the Ekiti State Director of NIMC, Mr. Ogundare, and the JAMB Ekiti State Office Coordinator, Mr. Olukayode Dada.

The NIMC boss stated that his visit would help to evolve strategies for dealing with delays in attending to candidates as a result of heavy traffic during the

just-concluded registration exercise.

Mr. Ogundare said the proposed helpdesks would attend to candidates towards resolving such issues as State of Origin, Date of Birth, No records found, Name Arrangement, among others. He said the setting up of the helpdesks became inevitable as it encourages decentralization and one that would help to fast track solutions to identified challenges.

While stressing the importance of the partnership, the NIMC Director described JAMB as a well-coordinated

agency with a focus on attaining excellence.

In his response, the JAMB, Ekiti State Office Coordinator, Mr. Olukayode Dada, noted that the proposed helpdesks were long overdue adding that JAMB would always welcome constructive ideas. He expressed optimism that the helpdesks would ease the concerns of candidates, who, because of the delays in resolving their challenges, could miss the registration. He also advised the Commission to open other collation centres to cater to the rural populace. He added that overall, the move would create more opportunities for prospective UTME candidates to address the persistent errors in names arrangement and other issues.
