He said JAMB had given the opportunity to exceptionally brilliant underage students who are not up to 16 years old to register, but it is being abused. He said: "We will impose some other penalty on them that it will have been better for them to have stayed for their time because they are going to waste their money.

"This is the second week, the tenth day of the registration and we have registered 780,202, but surprisingly 11,512 of them are underage."

PREMIUM TIMES, FRIDAY, FEBRUARY 21, 2025: JAMB Clarifies Admission Criteria Amid Allegations of High-Scoring Candidates Being Denied Admissions: - The Joint Admissions and Matriculation Board (JAMB) has addressed ongoing concerns from candidates and parents regarding the denial of university admissions despite high scores in the Unified Tertiary Matriculation Examination (UTME).

In a statement issued recently and signed by its Public Communications Advisor, Dr. Fabian Benjamin, the Board refuted these allegations, noting that admissions are determined through a comprehensive

ranking system that evaluates applicants based on their O'level results, UTME scores, and post-UTME scores.

The Board noted that admissions are not considered solely by UTME scores, emphasizing that a high UTME score doesn't automatically guarantee admission into the university.

It also noted recurring cases of parents and candidates accusing universities of bias in the admission process.

While advising parents to avoid rushing to conclusions about admissions, emphasizing that the UTME is designed to rank candidates competitively for the limited spaces available in tertiary institutions, the Board urged candidates who feel aggrieved to raise their concerns via its 'ticketing platform' to seek clarifications.

OFFICE OF THE REGISTRAR

No. 2024ff.04

6th May, 2024

MANDATORY USE OF THE NATIONAL IDENTIFICATION NUMBER (NIN) FOR REGISTRATION WITH JAMB BY CANDIDATES APPLYING FOR NON-REGULAR PROGRAMMES

This Advisory is issued to all the concerned institutions, and candidates desirous of applying to study under the non-regular mode of study in tertiary institutions in Nigeria.

As part of measures to checkmate the nefarious activities of fraudulent characters, who are scheming to compromise candidates' records through dubious registration channels and in compliance with its enabling act, JAMB has mandated that all applicants desirous of studying in Nigerian tertiary institutions must provide their NIN while registering for any programme of study in any tertiary institution in Nigeria irrespective of whether the mode of study is **regular and non-regular**.

2. Consequently, it has now become mandatory for all prospective candidates in the **non-regular category (NOUN, Distance Learning, Part-time and Sandwich programmes)** to create a profile code, before registering with JAMB, by sending their NIN, through their unique phone number to either of the Board's sort code (55019 or 66019).
3. Immediately after the creation of profile, each candidate will proceed to a CBT Centre for registration. After the registration, the candidate's details will appear on the CAPS of the institution of choice under non-regular admission. The institution will then propose and recommend to the Board for approval and the candidate will accept and print admission letter.
4. Furthermore, all previous candidates in the non-regular programmes, who had not integrated their NIN or unique phone number on the Board's platform, would have to create a profile using their respective NINs to access any of the services of the Board.
5. No candidate can use the process to change any of the data already supplied to the Board.
6. JAMB, as a responsive organisation that is conscious of the peculiarities of the non-regular studies, will continue to make the registration process as flexible as possible by making its platform available throughout the year. It is, therefore, expected that candidates, who fall under this category, will apply through JAMB before approaching their preferred institutions to process their admission with their respective JAMB registration numbers. They would also be expected to pay their preferred institution a processing fee as determined by the respective institutions.
7. Please be guided for compliance.

...Inadequate Legislation Limiting Efforts to Combat Examination Malpractice, Says JAMB Director

Mr. Gani Abd'Rahim, Director, Human Resource Management Department, JAMB

National Development in Nigeria: The Joint Admissions and Matriculation Board in Perspective." In his discourse, he emphasized the critical link between credible examination administration and national development, while outlining the challenges faced by JAMB in its fight against examination malpractice.

He highlighted that the current JAMB Act primarily addresses the structure and functioning of the Board, including membership, appointment of the Registrar, staff matters, and funding. However, it lacks provisions for imposing

stringent penalties for infractions related to examination malpractice. Abd'rahim noted that the Examination Malpractices Act (EMA) of 1993, and its amended version from 2004, do not adequately address contemporary forms of malpractice, particularly those driven by technology.

In addition to legislative gaps, Abd'rahim pointed to inadequate technical knowledge among staff as another significant challenge. Despite JAMB's efforts to provide local and international training opportunities, many skilled personnel have sought better career prospects elsewhere. Other barriers to effective examination administration include poor remuneration, limited career development opportunities, low public awareness of JAMB's activities—especially in rural areas—and slow broadband connectivity.

The research also highlighted JAMB's contributions to examination administration and national development, noting that the Board has successfully increased access to

tertiary education, promoted merit-based admissions, utilized technology for enhanced efficiency and integrity, and fostered inclusivity and support for special needs education, all while promoting national unity and social cohesion.

To address the challenges identified, the research made several recommendations, including the need for comprehensive legal reforms to address new trends in examination malpractice and a review of existing penal laws. It also urged JAMB to collaborate with the Federal Ministry of Justice and the Federal Ministry of Education to amend applicable laws.

Further recommendations included providing special allowances and career development opportunities for IT professionals at JAMB, establishing a Joint Public Information System, eliminating private computer-based test centres, and creating a National Broadband Funding Scheme.

In her opening remarks, Mrs. Doom Iyortyom, Director of the Quality

DADA REITERATES BOARD'S COMMITMENT TO TRANSPARENCY, MERIT

The Ekiti State Coordinator of the Joint Admissions and Matriculation Board (JAMB), Mr. Olukayode Dada, has called on the Management of the College of Health Sciences and Technology, Ijero-Ekiti, Ekiti State, to be extra vigilant in the selection of candidates for the various courses of the College.

Dada made the call during his interaction with the institution's Provost, Dr. Cecilia Adebayo, at the 2024/2025 Matriculation Ceremony held last week, at the College campus in Ijero, Ekiti State.

Board's commitment to zero tolerance for underhand admissions, insisting that all admissions must be conducted on the Central Admissions Processing System (CAPS).

While congratulating the matriculating students, he charged them to shun social vices that could derail their academic pursuits.

Earlier, the Provost disclosed that 1,380 students were matriculated at the ceremony. While commending the Registrar for his constant support to the College, she revealed that he was instrumental to the accreditation of the institution's

Computer-Based Test centre, which according to her, has led to the accreditation of new courses for the College by the National Board for Technical Education (NBTE).

She also lauded the Board for its guidance and speedy resolution of the institution's admission-related issues during the current academic year. She disclosed that the synergy with JAMB was rewarding to the institution as the partnership had contributed tremendously to the increased student enrolment figures experienced by the institution in recent times.

NIN: COMPULSORY FOR ALL JAMB APPLICANTS - OGUN COORDINATOR

The Ogun State Coordinator, Mr. Hakeem AbdulHameed, has reiterated the Board's stance that all applicants must obtain their respective National Identification Number (NIN) to be eligible for all operational processes with the Board including admission to either regular or non-regular programmes of any institution of higher learning in Nigeria.

This was contained in his address last week when he received a delegation of the National Open University of Nigeria, Abeokuta Study Centre, in his office in Abeokuta.

In his explanation, he noted that the NIN is the first item that must be obtained by any prospective tertiary institution candidate, stressing that, the number is needed to generate a profile code which is obtainable by sending NIN in capital letter followed by a space, then, the eleven identification number through the

unique phone number of the applicant to either of the Board's Unstructured Supplementary Service Data (USSD) codes: 55019 or 66019.

The generation of a profile code, like the NIN, is also mandatory for registration. This, according to the Coordinator, was part of the measures put in place by the Board to safeguard candidates' data against the unwholesome practices of some nefarious characters who go about pilfering personal data for sordid gains.

AbdulHameed further asserted that the programmes of the National Open University of Nigeria, such as sandwich, distance learning and part-time programmes of regular universities, are categorised as non-regular programmes for the purpose of admission. He stated that whether regular or non-regular, all admissions to tertiary institutions in Nigeria must be documented by

JAMB.

Speaking earlier, the Director of the Abeokuta NOUN Study Centre, Prof. Oyekunle Oluwayemisi Adegboyega, expressed appreciation to the Board for putting a data security check in place to ensure a safe and retrievable database.

He also noted that NOUN, like JAMB does not joke with the sanctity of its data, saying that the institution had never issued certificates to its students who had graduated with dubious data, particularly those with disparities in names.

In the entourage of the NOUN Director were Mr. Noah Chiemezie, a Principal Assistant Registrar, and Mrs. Bukunolami Oyeniyi-Ayeleso, an Assistant Registrar.

2025 UTME/DE: INCLUSIVITY POLICY IS TO CREATE CAREER OPPORTUNITIES FOR PRISON INMATES - ADEBIYI

In continuation of his advocacy visits in respect of the ongoing 2025 UTME/DE registration exercise, the Gombe State Coordinator, Mr. Johnson Adebisi, recently paid a working visit to the Nigerian Correctional Service, Gombe, Gombe State, to sensitize qualified Prison Inmates on the need to register for the ongoing 2025 UTME/DE registration.

According to the Coordinator, the visit was to acquaint the inmates with the facilities put in place by the Board to ensure seamless registration and examination for candidates with special needs in the 2025 UTME. He stated that the advocacy visit would also enlighten Prison Inmates about the

requirements for the 2025 UTME/DE registration along with the series of waivers provided for inmates that meet the extant admission criteria put in place by both the Board and the authorities of Tertiary Institutions across the country.

One of the facilities outlined by the Coordinator was that the Board and Tertiary Institutions have resolved that all Foreign, Blind, Deaf and Prison Inmates are to be exempted from pre-admission screening tests in their institutions of choice. He added that for every year preceding admission exercise, the list of special needs candidates would be made available to various Tertiary Institutions for guidance and necessary action.

Continuing, Adebisi submitted that this waiver is an affirmative action meant to accommodate candidates with special needs. He stressed that the Board and the Tertiary Institutions would ensure that special needs candidates, who meet the specified minimum requirements, are admitted and their progress monitored in their respective Tertiary Institutions for confirmation of the effectiveness of the policy as directed by the 2024 Policy Meeting on Admissions.

Furthermore, he stated that the Board had put in place adequate measures to prevent fraudulent candidates from hijacking the process. He added that the Board had, through the policy, helped to place Prison Inmates in Tertiary Institutions of their choice, thereby enabling them to help themselves, their families and communities, after the completion of their prison terms. Earlier in his welcome address, the Controller of the Nigerian Correctional Service Gombe, Mr. Victor Odafen, expressed gratitude to the State Coordinator for the advocacy and promised to take all measures to ensure the readiness of qualified Inmates to take advantage of the window of opportunity provided by the Board and the Tertiary Institutions in the country.
