EXEMPTION OF CERTAIN CATEGORIES OF CANDIDATES FROM SCREENING TEST BY INSTITUTIONS

To attract more foreign candidates into Nigerian tertiary institutions and broaden inclusiveness, all candidates in foreign countries, Correctional Centres, as well as Blind and Deaf Candidates are to be exempted from pre-admission institutions screening tests.

Consequently, for every year preceding the admission exercise, the lists of the respective candidates in these categories would be made available to the various Tertiary Institutions for guidance and necessary action.

This special waiver is to be seen as affirmative and inclusive action for the accommodation of the affected

candidates. The Board and the Tertiary Institutions would ensure that candidates from these categories who meet minimum requirements are admitted and their progress monitored in the various institutions for the purpose of confirmation of the effectiveness of the policy as directed by the 2021 Policy Meeting.

The Joint Admissions and Matriculation Board has put in place mechanisms that would prevent any candidate from taking undue advantage of this exemption. For instance, only candidates who are either foreigners or Nigerians that have been confirmed to be residents in foreign countries and are products of foreign

school systems can enjoy this privilege in the interest of internationalization of the nation's Tertiary Institutions. A Nigerian with less than six (6) month-stay in a foreign country is disallowed from taking the UTME in any foreign country.

This effort is to enhance the intake of international students into our tertiary institutions to improve their global rating.

The Board is at the moment working on some policy directions to make our universities attractive to foreign students.

...JAMB Ventilators Very Helpful to Bwari General Hospital - CMD

you to know that there are four of such ISO certified laboratory in Nigeria - three in Lagos and one in the FCT, which is here in General Hospital, Bwari.

"Again, General Hospital, Bwari, is the only hospital in the FCT that has a Sexual Assault Referral Centre (SARC). SARC provides the victim with a complete package of justice - Medical justice and judicial justice."

"The hospital also provides specialist care in the areas of Paediatrics, Internal medicine, Ophthalmology, Dental, Surgery, Radiology, Histopathology, Physiotherapy, Family medicine, Obstetrics and Gynaecology etc."

"It suffices to note that General Hospital, Bwari, also participates in the FCT Medical Residency (Fellowship) Training Programme of the West African College of Surgeons in Surgery, Ophthalmology, Obstetrics and Gynecology as well as that of the West African College of Physicians."

Dr Anate urged members of staff of the Joint Admissions and Matriculation Board (JAMB) to take advantage of the facilities provided by the hospital to assess quality healthcare services.

He said, "Staff of JAMB and all Bwari residents, in general, should feel free to

access healthcare services in the hospital any time they need to do so. Again, the hospital is one of the few public hospitals in the FCT that uses a reliable electronic medical record system which ensures fast service delivery and safe record keeping."

Dr Anate also said the ventilators donated by JAMB in the wake of COVID-19 to mitigate the effects of the pandemic has really been of help to mankind particularly the hospital to consolidate on the gains of the hospital in the management of COVID-19 cases and to ameliorate the difficulty in managing other victims with other challenges that require them to be placed on life support.

The youthful medic commended the leadership of JAMB under Prof. Is-haq Oloyede for his ingenuity and intervention in healthcare and the education sector in general adding that the ventilator provided by JAMB has been very helpful to the hospital.

The CMD counselled Bwari residents to take proactive measures to protect themselves against the deadly virus particularly as it relates to the third wave as well as imbibing other non-pharmaceutical safety protocols.

He said, "Among other measures, the strict wearing of face masks by all, regular

use of hand sanitisers and practice of social distancing have been very helpful. The CMD noted further that the immediate identification, isolation and testing of suspected cases followed by referrals to COVID-19 treatment centres will equally reduce its spread."

Commenting on the administration of vaccines and enlightenment in Bwari Area Council, Dr Anate said,

"The FCT Public Health Department, in particular, and other FCT hospitals staff including those of General Hospital, Bwari, are constantly engaging in the sensitisation of Bwari citizens towards appreciating the benefits of COVID-19 vaccines. I believe in its efficacy against COVID-19 and I had since taken my two jabs."

The Consultant Obstetrician & Gynaecologist who has spent almost two decades in the trade of saving life and administration of medical care said his mission was to turn General Hospital, Bwari, into a world-class health facility.

"I have spent over two decades in the practice of medicine and a decade in Administration. My desire is to turn General Hospital, Bwari, into a centre of excellence in terms of providing quality healthcare services for all."

RESULT FALSIFICATION: COURT ADJOURNS CASE TO DECEMBER 8TH

The Chief Magistrate Court sitting in Bwari has adjourned the case between Ejeh James and Michael Yusuf versus the Joint Admissions and Matriculation Board (JAMB) to 8th December, 2021. The case which is in connection with the forgery of the JAMB

examination slip was heard on 25th October 2021, at the Chief Magistrate Court, Bwari, when the two suspects, Ejeh James and Michael Yusuf, were arraigned before Justice Rosemary Kanyib.

The suspects had pleaded not guilty to

the charge.

The judge granted the duo bail at the sum of fifty thousand naira (N50, 000) each and a surety who must be a senior civil servant resident in Bwari.

ADMISSION INTO PART-TIME, SANDWICH AND DISTANCE LEARNING PROGRAMMES

To ensure flexibility in the periods of application for Part-Time, Sandwich and Distance Learning programmes, the Joint Admissions and Matriculation Board shall make available, throughout the year, its online application platform for candidates who desire to enroll in these non-regular programmes given the directive that all admissions must be routed through JAMB.

The public is to note that this policy directive is without prejudice to the processing fees being charged by

respective Tertiary Institutions for their irregular programmes.

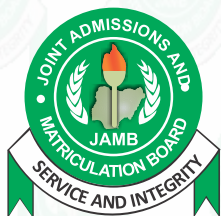

The process stipulates that candidates for Distance Learning, Part-time and other related modes of study will apply through JAMB before approaching their preferred institutions to process their admission using JAMB Registration Numbers.

In addition, all categories of candidates for admissions into these programmes must be processed through Central Admission Processing System (CAPS). Distance Learning, Part-time and Sandwich candidates need not sit the UTME but taking the examination does

not disqualify them. These categories of candidates would pay to their preferred institution, a processing fee (not application fee), that will be determined by the institutions.

The Registration Forms being completed at the Institutions should be named "Part-time/Distance Learning Processing Form" to avoid confusion.

The public is also to note that Academic Sessions are from 1st August to 31st July. Therefore, the date of admission determines the session to which a candidate is admitted.

PUNCH NEWSPAPER TUESDAY 26TH OCTOBER, 2021 - Only 1 % of JAMB Applicants Choose Polytechnics, Says ASUP: The leadership of the Academic Staff Union of Polytechnic (ASUP) has lamented the neglect of Nigeria's polytechnic which it said has led to low patronage by students seeking admission into higher institutions.

Speaking at a media briefing in Abuja as part of the activities during the advocacy round-table on the future of Nigeria's Polytechnic system, ASUP President, Mr Anderson Ezeibe disclosed that only one per cent of candidates in the Joint Admission and Matriculation's Unified Tertiary Matriculation Examinations apply for polytechnics.

He argued that some of the government's policies and pronouncements had helped to de-market the polytechnic system in the country.

"The low appetite for polytechnics today is evidenced by the one per cent approximate applicant figures for polytechnics in the Unified Tertiary Matriculation Examinations in the last five years as young Nigerians continue to show their preference for the other tiers of tertiary education in the country," he said. **Also, in THISDAY NEWSPAPER TUESDAY 26TH OCTOBER, 2021.**

PREMIUM TIMES TUESDAY 26TH OCTOBER, 2021 - Alleged Illegal Admissions: JAMB Stops 'Regularization For Candidates

The Joint Admissions and Matriculation Board (JAMB) has said it would no longer condone any illegal or irregular admission conducted by any tertiary institution, warning candidates to desist from accepting admissions offered by the institutions without going through the JAMB's Central Admission Processing System (CAPS).

The examination body gave the warning in an advisory issued to the heads of the various tertiary institutions, which was also published in its weekly bulletin.

The advisory states that all applications for admissions to first degree, ND, NCE including full time, part-time, distance learning, outreach, sandwich, among others must be processed ONLY through JAMB.

The advisory, therefore, urges the concerned institutions to encourage their candidates to apply to their programmes through the examination body, noting that duplication of application forms is also not allowed.

Institutions should advise candidates to apply to them through Joint Admissions and Matriculation Board (JAMB). Any institution that issues admission letters to candidates outside the official letter issued by JAMB would be sanctioned for violation of the admission process. Such letters of admission are known to have given false comfort to illegally admitted students who would later go to their not being legitimately admitted only after graduation.</p> <p>4. Verification</p> <p>Each institution is to:</p> <p>(i) verify the characteristics (given by JAMB) e.g. registration number is to be watermarked across all the two documents;</p> <p>(ii) download the mobile app (JAMB QR-SCANNER) on phone or similar devices and use it to verify security features on the documents such as Name, Registration Number, Institution/Quota; The JAMB QR-SCANNER APP can be downloaded from Google Play Store or Apple Store;</p> <p>(iii) check the candidate's status on CAPS; and</p> <p>(iv) at the point of registration, download list of candidates offered provisional admissions from CAPS. It will be indicated against each candidate, whether the Result Slip and Admission Letter have been printed or not.</p> <p>5. Frequent Downloads and Portal Closure</p> <p>(i) Since candidates continue to change quotas and institutions until the close of portal of the institution, it is mandatory for institutions to ensure that their downloads are current, through daily update so as not to recommend a candidate that has changed to another institution or lose a new qualified candidate.</p> <p>(ii) Each institution is to notify JAMB when it is closing its portal and will no</p>	
<p>longer accept new candidates. Advance notice of two (2) weeks is expected. However, candidates can still change from such institution to another.</p>	
<p>H. UTME/DE SCORE FOR THE 2021 ADMISSION EXERCISE</p> <p>(i) Every institution is at liberty to determine the UTME score acceptable to it for admission provided the UTME score is approved by the Policy Meeting or JAMB before implementation. Similarly, for DE, each institution will determine the number of points required by it for Direct Entry admission. Nevertheless, no institution can recommend or admit any candidate with less than 2 points for direct entry. No institution can admit/accept transfer of a candidate for any degree programme unless the candidate will spend on full-time, not less than two (2) consecutive sessions in the institution.</p> <p>(ii) No institution will be allowed to recommend or admit any candidate whose total score is below the minimum score proposed by the institution. Every institution should maintain its minimum score as submitted and approved by the Board.</p> <p>(iii) Marking for admission would be determined by the totality of the following assessments:</p> <ul style="list-style-type: none">(a) UTME score/DE Grades (within their respective threshold);(b) institutional screening scores (if applicable);(c) grading of Senior School Certificate (SSCE) Grades (if applicable);(d) interview/practical scores (if applicable); and in all cases(e) the percentage (in all cases) to UTME score should range from 50% to 100%. <p>(iv) Admissions Officers would have to download O' Level details of candidates on CAPS before admissions process can be initiated for any programme. Therefore, no institution shall require any candidate to upload any result other than those downloaded from CAPS which the institutions are expected to re-verify on re-enrollment and registration of the students.</p> <p>(v) No candidate can be considered for admission if he/she does not meet the prescribed requirements as stipulated in the advertisement such requirements have been approved and published by JAMB.</p> <p>(vi) No institution can impose on a candidate a requirement that had not been previously approved and published by JAMB.</p> <p>(vii) Institutions are to adhere to institutional/programme standard and comply with entry requirements as documented in the 2021e-brochures.</p> <p>(viii) ALL ADMISSIONS ARE TO BE DONE ON CAPS</p> <ul style="list-style-type: none">(a) No institution shall offer or propose to offer admission through any other platform or medium to any candidate for NUC, NCE, ND or Bachelor's degree programme unless the candidate has been proposed and has accepted the offer on CAPS.(b) No admission should be carried out or announced/published through any other platform other than CAPS.(c) No admission should be communicated to any candidate through any means other than CAPS. Individual institutions' website, advertisement and bank checkbook admission already approved on CAPS. Similarly, No Candidate can be registered for any course/programme other than the one he/she had accepted on CAPS.(d) In the unlikely event of change of programme, the CAPS must be updated.	
<p>I. RATHER, THE RESULT, BIOMETRIC AND UPLOADED RESULTS OF CANDIDATES SUPPLIED BY JAMB SHOULD BE USED FOR THE EXERCISE TO ELIMINATE IMPERSONATION AND SUBSTITUTION OF REAL CANDIDATES.</p> <p>(iv) Every institution is to exercise due diligence and ascertain the authenticity of candidates' credentials and certificates during post-UTME/DE registration of candidates into the institutions.</p>

It can be requested through the institutions' registered e-mail access on CAPS.</p> <p>(iv) Each institution views its present requirements and makes online request for amendment, deletion or addition on IBASS platform.</p> <p>(v) All approved requests will be communicated via the platform provided they are within the approved guidelines of the respective Regulatory Bodies.</p> <p>(vi) The request to be reflected in the 2022 brochure must be made on or before 20th October, 2021. Please note that what is published by JAMB based on IBASS, is the legitimate and binding requirement.</p>	
<p>L. END OF 2021 ADMISSION EXERCISE</p> <p>The meeting agreed to defer this item to another meeting which would be scheduled in October, 2021 to decide on the possible closing date(s) for the 2021 admissions exercise.</p>	
<p>M. FORFEITURE OF CANDIDATE CATEGORIES AND ADMISSION-TIMELINES</p> <p>(i) All institutions are to conduct their Admission Exercise within the approved schedule period.</p> <p>(ii) At the expiration of the period, any institution that fails to conclude its admission will no longer have the candidates on its platform as CAPS.</p>	
<p>N. EXEMPTION OF CERTAIN CATEGORIES OF CANDIDATES FROM SCREENING TEST</p> <p>(i) Candidates who sat for the Unified Tertiary Matriculation Examination (UTME) in Foreign countries, Correctional Centres, as well as Blind and Deaf Candidates are to be exempted from pre-admission institutions screening test. The lists of the respective candidates in these categories would be made available to the various Tertiary Institutions for guidance and necessary action.</p> <p>(ii) This special waiver should be treated as affirmative and inclusive actions for the accommodation of the affected candidates. The Board and the Tertiary Institutions are to ensure that candidates from the categories who meet minimum requirements are admitted and their progress monitored in the various institutions for the purpose of confirmation of the effectiveness of the policy.</p> <p>(iii) The Joint Admissions and Matriculation Board has set in place a mechanism that would prevent any candidate from taking undue advantage of this exemption. For instance, only candidates who are either foreigners or Nigerians that have been confirmed to be residents in foreign countries and are products of foreign school system can enjoy this privilege in the interest of internationalization of the Nation's Tertiary Institutions. A Nigerian with less than six (6) month stay in a foreign country is disallowed from the UTME as a foreigner.</p>	
<p>O. ADMISSION INTO PART-TIME, SANDWICH AND DISTANCE LEARNING PROGRAMMES</p> <p>(i) In order to ensure flexible period of application for these non-regular programmes, the Joint Admissions and Matriculation Board shall make available, throughout the year, online application platform for the non-regular candidates.</p> <p>(ii) Please note that this policy directive is without prejudice to the processing fees being charged by the Tertiary Institutions for the Non-regular Part-time programmes.</p> <p>(iii) Candidates for Distance Learning, Part-time and other related modes of study will apply through JAMB before approaching their preferred institutions to process their admission with JAMB registration numbers.</p> <p>(iv) All categories of candidates for admissions must be processed through CAPS. Distance Learning, Part-time and Sandwich</p>	
<p>candidates need not sit for the UTME but sitting for it does not disqualify them. These categories of candidates would pay to their preferred institution a processing fee (not application fee) that will be determined by the institutions.</p> <p>(v) The Registration Forms being completed at the institutions should be named "Part-time/Distance Learning Processing Form" to avoid confusion.</p> <p>(vi) Academic sessions are from 1st August to 31st July, therefore the date of admissions determines the sessions in which a candidate is admitted.</p>	
<p>P. NATIONAL MATRICULATION LIST</p> <p>(i) The Board has reactivated the National Matriculation Lists since the 2019 admission exercise in order to improve on the quality and authenticity of the Tertiary Education data base of the Nation. Every institution is expected to comply accordingly.</p> <p>(ii) The Joint Admissions and Matriculation Board (JAMB) and the Regulatory Agencies have resumed their joint monitoring exercise of Matriculation and Admissions. It is mandatory for institutions to keep proper valid Register of all matriculated students in the institutions. Each candidate's file should contain all the documents listed under items (i) to (iv) above.</p> <p>(iii) All successful candidates whose admissions are processed appropriately through the Joint Admissions and Matriculation Board (JAMB) would be listed and the list made available publicly to all stakeholders.</p> <p>(iv) Any candidate whose name is NOT on the National Matriculation List would be considered not to have been admitted by JAMB and that the admission is illegitimate. No such illegitimate admission would be considered.</p> <p>(v) The re-activation List should be separated i.e. Full-Time, Distance Learning, Part-Time, Sandwich or Supplementary (for previously matriculated students of the institutions) etc. It is therefore mandatory for institutions to keep a separate register and this must be the same with the National Matriculation Register with the Joint Admissions and Matriculation Board.</p>	
<p>Q. INVITATION TO MATRICULATION CEREMONY</p> <p>(i) The Joint Admissions and Matriculation Board (JAMB), National Universities Commission (NUC), National Board for Technical Education (NBTE) and National Commission for Colleges of Education (NCCE) must be informed and invited not later than two (2) weeks before the Matriculation Ceremony. The letter should be accompanied with the list of names and hard copies of the matriculation list. Please note that late invitation to matriculation ceremony will no longer be entertained.</p> <p>(ii) The list must be signed by the head of the institution for publication.</p>	
<p>R. PROCESS OF DELETION AND NON-ACCEPTANCE OF ADMISSIONS ON CAPS</p> <p>The Board identified two (2) scenarios relating to deletion and non-acceptance of admission on CAPS and therefore prescribes the process as follows:</p> <p>(i) Where a candidate is offered admission and after acceptance, he/she or the institution is not ready to accept the offer, the process should be as follows:</p> <ul style="list-style-type: none">a. The candidate must complete change of admission letter form online indicating the details of the new institution.b. The institution must sign and take it to the new institution for the Head of institution's approval.c. The Head of the institution MUST sign the form which would be transmitted to the Coordinator of the JAMB State Office for upload to the Registrar for approval.d. Once the Registrar gives approval, the candidate's status is automatically updated and he/she would be informed through CAPS.e. Through synchronization, CAPS is notified. <p>(ii) Where a candidate is offered admission and he/she neither accepts nor rejects the offer and the institution is desirous of substituting the candidate, the following applies:</p> <ul style="list-style-type: none">a. The institution would forward the list of the candidates to the Board through CAPS in the following format: Registration No. Name of Institution, Candidate's Offered, date of approval by Desk Officer/Registrar (if any) for non-response/Remark (do not include want to replace, work by, etc.).b. The list must be signed by the head of the institution for Registrar's approval.c. Once approved by the Registrar, the candidates would be deleted automatically and the unfilled quota is made available again to the institution. <p>In case a candidate does not accept or reject admission on CAPS before JAMB's closing of CAPS for the year, the candidate would not be regarded as admitted and would not be on matriculation list for the year. He is not expected to be registered by any institution without JAMB's admission letter which cannot be issued without acceptance of admission.</p> <p>Where a candidate is offered admission and he/she neither accepts nor rejects the offer, the candidate is not available to any other institution and cannot be proposed on CAPS (and should not be proposed elsewhere) unless:</p> <ul style="list-style-type: none">(i) the candidate completes a deletion form online;(ii) submits application to the initial institution for release to another institution and the newly proposed institution endorses the form accepting the transfer. The endorsement serves as proposal and recommendation to the Registrar by JAMB and JAMB approval will complete the transfer which would enable the candidate print admission letter into the new institution.	
<p>S. TRANSFERRED CANDIDATES</p> <p>Candidates already admitted into an institution (Foreign or Local) who desire to transfer to another institution must:</p> <ul style="list-style-type: none">a. apply to the desired institution (which will determine and inform the candidates their suitability);b. fill the form on JAMB Portal (e-facility) and print it out; This is endorsed by the receiving institution; andc. Return the printed form to the former institution that is expected to forward the form to JAMB office for processing.	
<p>T. PROVISION OF CANDIDATES' DETAILS TO INSTITUTIONS/PUBLIC</p> <p>The Board will not release candidates' contacts to institutions or the Public without prior consent of the candidates. This is to avoid its abuse and litigation on violation of Nigerian Data Protection Regulation.</p>	
<p>U. REGISTRATION OF CANDIDATES IN GROUP</p> <p>The candidates' details are personal to them, institutions are advised to desist from seeking or retaining candidates' user name and password. Also, the candidates are advised not to surrender their personal details to strangers or close relatives who might use them to distort their records without their knowledge.</p>	
<p>V. ARCHIVING OF PAST ADMISSIONS RECORDS ON CAPS</p> <p>All institutions should keep records of admissions done yearly as record for each year's admission will be deleted from CAPS Platform at the end of the exercise. The Board has an archive of admission data and would make it available on request by any institution.</p>	
<p>W. EXEMPTION ADMISSION</p> <p>Institutions must have done 50% of its admissions for the year before requesting for a waiver for the use of the exemption mode on CAPS.</p>	
<p>X. FORWARDING OF PREVIOUS MINUTES</p> <p>The Board will forward to the institutions the minutes of the 2021 Policy Meeting not later than two (2) weeks before the next meeting.</p>	
<p>Y. UNDISCLOSED ADMISSION BY SOME INSTITUTIONS</p> <p>To safeguard the integrity of the admission process, institutions had always been told that admission done outside CAPS were unacceptable. However, some institutions still illegally admit candidates outside CAPS and this was considered a direct flouting of the Policy Directive.</p> <p>The list of institutions with undisclosed admissions was therefore to be isolated and forwarded to the Minister of Education for appropriate sanction as directed at the Policy Meeting. The Minister's directive contains the following:</p> <p>"... Heads of such institutions will be held personally responsible either in or out of office"</p>
