ALL HOPE IS NEVER LOST WITH PERSEVERANCE - CANDIDATE

Abdullahi Jamil Muhammad, 2023 UTME candidate

The experience of an 18-year old indigent Bwari-based 2023 Unified Tertiary Matriculation Examination (UTME) candidate, Abdullahi Jamil Muhammad, has once again, demonstrated the truism of the saying that there is ability in disability as he enjoined youths to persevere as every cloud has a silver lining.

Muhammad pointed out that the only route for candidates desirous of tertiary education is through diligent study and not through falsification of results or other dubious acts.

The candidate, who sat the UTME in 2021, and scored 275 was offered admission in Bayero University, Kano, to study medicine. However, he could not utilize the admission opportunity on account of

EDUCATIONAL ASSESSMENT: STAKEHOLDERS FORMS NATIONAL ASSESSMENT ACADEMY (NAA)

In their collective efforts to ensure professionalism and expertise in all aspects of educational assessment, relevant stakeholders in the field have formed a National Assessment Academy that would train, certify and coordinate professional educational assessors in Nigeria.

The stakeholders are drawn from a pool of critical professional assessors, regulators and experts with diverse and vast knowledge and experience of assessment. The collaborative effort is being coordinated by the Joint Admissions and Matriculation Board (JAMB) while the protem secretariat of

EDUCATION AND SECURITY: SAME GOAL, DIFFERENT ROUTE - OLOYEDE

The Registrar of the Joint Admissions and Matriculation Board (JAMB), Prof. Is-haq O. Oloyede, has lauded the symbiotic relationship existing between education and security functionaries as he noted that they perform similar roles using different tactics. Prof. Oloyede made this submission when he played host to a delegation of trainees from the National Institute for Security Studies (NISS) at the Board's National Headquarters,

Bwari, Abuja, on Wednesday, 16th August, 2023.

Led by the Director of Research Estimates and Library Services of the Institute, Dr. A. A. Karim, disclosed that the visit was aimed at fostering cross-sectoral discussions that would enable the trainees gain valuable insights into the operations of the Board as one of the key players in the nation's educational landscape.

Welcoming the trainees, Prof.

financial challenges, he had sat the 2023 UTME where he scored 290. Again, he chose Bayero University, Kano, this time to study software engineering.

Muhammad, in a chance interview with one of our staff writers, Amina Abdullahi Haruna, in his characteristic optimistic manner, expressed his readiness to surmount these obstacles to achieve his lifetime ambition.

"I advise candidates to always strive for academic excellence regardless of their economic background, though it's not easy but hard work and dedication to study pay in the long run, even the scriptures say it. Yes, influence from peers and social background are always there but they should remain focused and prayerful at all times," he said.

MOTHER'S DEATH

He lost his mother to breast cancer. She had suffered from breast cancer for seven long years before she succumbed to the ailment in 2017. It was a harrowing experience for all of his family because it drained them not only financially but also emotionally.

A MISSED OPPORTUNITY

According to Muhammad, his plan to study medicine was mainly anchored on his desire to conduct extensive research on the morphology of cancer so as to immortalise his mother coupled with the way the society respects school leavers studying the course. However, it was a particular incident that happened during the Board's

admission process in 2021 that changed his trajectory.

It was a friend, who was curious as to the reason for his inability to register for the screening, which was then on the verge of closing, who encouraged the candidate to register for the exercise. Ironically, his greatest fear then was not on account of failing but rather on the possibility of utilizing the result!

Consequently, the candidate had pulled himself together and has done very well in the screening exercise and was offered admission to study MBBS. Sadly, he could not obtain the much-needed Kwankwasia Scholarship put in place by the State Government then and which could have seen him actualising his dreams of becoming a medical doctor as Muhammad was shortlisted for the scholarship award but since he had no smartphone to access his e-mail, it was a whole two days after the deadline that he knew about it and that was how he missed the opportunity to study the course of his dreams back then in 2021.

OPTING FOR SOFTWARE ENGINEERING

With the hope of studying medicine at the Bayero University, Kano, dashed, Muhammad had resigned himself to fate and returned to Bwari, Abuja.

But again his friend, who had paid his screening fees back then in Kano, and now a qualified software engineer in his own right, had again urged him to register for the 2023

UTME. It was on account of Muhammad's constant interaction with him that ignited his passion for software engineering and made him abandon his dream of a career in medicine. He had stated that each time they met, his friend was always with his laptop and on closer observation, discovered that he knew coding and programming. So, Muhammad had requested tutoring in those fields. Regrettably, his friend did not have the time to spare and that led Muhammad to conduct research on his own.

In due course, encouraged by the enthusiasm displayed by Muhammad, his friend gifted him a laptop to aid his endeavour. This, he said, was what led him to embrace software engineering and had subsequently enrolled for same in the 2023 UTME. Currently, Muhammad is so sufficiently adept at computer programming and coding that he even has his own website!

FUTURE DREAMS

The 2021 Best Science Graduating Student of Federal Government College, Kuduru, who is still hopeful for a breakthrough to enable him to pursue his dream of a university education, is in high spirits as he urged others in the same predicament not to yield to despair or embrace a life of crime but to rather be optimistic of a brighter tomorrow.

OPTOMETRISTS SENSITIZE JAMB STAFF ON EYE CARE

In line with its commitment to ensuring quality and affordable eye care service for its staff nationwide, the Delta State Office of the Joint Admissions and Matriculation Board (JAMB), recently paid host to a team of Optometrists from Eye-Med Clinic, in Asaba.

The leader of the team, Dr. Cynthia Jideonwo, in her address, urged

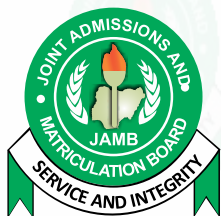

members of staff to take good and proper care of their eyes, stating that, the eyes is one of the most sensitive organs of the body and, as such, need regular checks.

According to Dr. Jideonwo, the practice of patronising non-professional eye care centres could lead to improper handling that can further cause complications and

permanent loss of the sight.

Earlier, the State Coordinator, Mrs. Linda Ajanwachuku, in her welcome address, commended the Eye-Med Clinic team for the sensitisation, while urging staff to embrace the idea of undergoing routine quality eye checks periodically.

The highlight of the visit was the free eye checks for all members of staff of the State Office.

OLOYEDE WINS NASU MOST UNION-FRIENDLY CHIEF EXECUTIVE OFFICER AWARD

The Registrar, Joint Admissions and Matriculation Board (JAMB) Prof. Is-haq Oloyede, has won the 2023 Edition of the Most Union-friendly Chief Executive Officer Award of the Non-Academic

Staff Union of Educational and Associated Institutions (NASU). Presenting the award on behalf of the NASU – Federal Capital Territory (FCT) Council and the leadership of the national body, the NASU-JAMB Chairman, Comrade Andrew Onakpa, said the presentation of the award to Prof. Oloyede was on account of his passion for the welfare of the staff of the Board as well as his cordial relationship with the Union. Further in his address, Comrade Onakpa said the award given to the Registrar was not unconnected with his friendly policies that had positively impacted the well-being of the staff of the Board coupled with his friendly disposition to the two in-house Unions (NASU & ASCSN).

Comrade Onakpa also pointed out that Prof. Oloyede's unwavering support to the Union was further demonstrated by his generous support during the Union's recent Quadrennial Delegates Conference held at the Raw Material Research and Development Council Headquarters, Abuja, on 8th August, 2023. He, therefore, restated the support of the union for the Registrar in his quest to positively change the narratives of the Board.

In his remarks, the Registrar thanked the NASU leadership for the honour bestowed on him and promised to redouble his efforts aimed at taking the Board to greater heights.

FEW FACTS ABOUT JAMB

- The Joint Admissions and Matriculation Board (JAMB) was established for the general control of the conduct of matriculation examinations for admissions into all universities, polytechnics, monotechnics, colleges of education and (recently added) Innovation Enterprise Institutes (IEIs).
- Section 5 (2) of the ACT establishing the Board provided as stated: For the avoidance of doubt, the Board shall be responsible for determining matriculation requirements and conducting examinations leading to undergraduate admissions and also for admissions to National Diploma and the Nigerian Certificate in Education courses, but shall not be responsible for examinations or any other selective process for postgraduate courses and any other courses offered by the tertiary institutions. In the implementation of this section, there is always a synergy with the National Universities Commission (NUC), the National Board for Technical Education (NBTE) and the National Commission for Colleges of Education (NCCE) with the endorsement of the National Council on Education (NCE).
- In exercising this power, the Board is always guided by admission guidelines approved by the Policy Meeting under the Chairmanship of the Hon. Minister of Education with all Heads of Tertiary Institutions and other stakeholders in attendance.
- Since the inception of the Interim Joint Matriculation Board Examination (IJMBE), JAMB appoints moderators for all its questions as well as the grading of candidates scores. It has always done this without failing to still accommodate 'HSC' within the current 6-3-3-4 system. The National Council on Education (NCE) guidelines for the Joint Universities Preliminary Examinations Board (JUPEB) also endorsed the practice for JUPEB.
- The Joint Admissions and Matriculation Board shall continue to operate within its laws.

Nigeria Post-secondary Education Data System (NIPEDS)

Following the enormity of the challenges associated with the A 'level qualifications and stakeholders determined efforts to address them, an A 'level bank was instituted under the chairmanship of the former Vice-Chancellor of Bayero University, Kano, Prof Muhammad Yahuza Bello. The Data Bank has now been renamed "Nigeria Post-secondary Education Data System (NIPEDS)".

The conversion to NIPEDS is to streamline the functions of the A 'level bank in line with international standard thereby bringing total sanity to the entire process of A 'level qualifications that has been fraudulently manipulated by some candidates to gain undue advantage in securing admission into Year Two of the University Degree programmes.

INNOVATIONS IN THE UTME AND A CALL FOR UNDERSTANDING

It will be recalled that the Board has gradually upgraded its operational processes since 2017, and as is usual with change, it came with some challenges including resistance. Given public support and understanding, the Board since 2018 has reached the cruising level. However, there is always room for improvement and the Board has decided to move to the next stage of its technological transformation.

The next stage requires all hands to be on deck as we take some crucial steps. The Board has instituted some measures which are to be deployed during the 2023 UTME exercise. Despite the fact that the innovations have been tested and certified, yet it is not unlikely that some hiccups might spring up when the new technology is deployed live and nationwide. We therefore solicit your support and understanding as we promptly address any unforeseen circumstances. Hardly can there be growth without audacity and courage.

One major feature of the new dispensation is that no examination would be allowed to take place after one hour of its scheduled start time because the Board has discovered that some of the problems reported at the centres are contrived to delay the commencement of a session in some centres with a view to securing undue advantage for the delayed candidates.

Consequently, any session that, for whatever reason(s), could not take-off within one hour of its schedule is automatically rescheduled. When such occurs, affected candidates are expected to file out of the examination hall into the waiting hall and await the new scheduled time and place which most

Contd in Pg 9

likely would be the same or following day. Candidates are expected not to disrupt subsequent sessions but to simply await information on reschedule. Parents have constituted major intrusion into the examination process. While we appeal for parents to keep-off the examination venues, we would not hesitate to sanction the candidates and (parents) whose parents obstruct the smooth running of the centre.

The rescheduling does not permit a candidate who was initially marked absent during the screening to be part of the rescheduled session since the questions meant for such absentees have been withdrawn and not available for the rescheduled session.

In addressing possible rescheduling, an extra session has been created for every centre on every examination day.

ANYAEGBU PAYS COURTESY CALL ON EDUCATION COMMISSIONER

L-R: Prof. John Cliff Nwadike, Imo State Education Commissioner, granting an audience to Mrs. Gloria Anyaegbu, Director, JAMB Zonal Office Imo State, during the Director's visit.

The Director, overseeing the Imo state Office, Owerri, Mrs. Gloria Anyaegbu, on Tuesday, 8th August, 2023, paid a courtesy call on the Imo State Commissioner for Education, Prof. John Cliff Nwadike, in his office at the Imo State Government Secretariat, Owerri.

In her address, Mrs. Anyaegbu said that her visit to the Commissioner was to intimate the State Government of the Board's presence in Imo State as a state Office established to oversee the affairs of the entire state.

She disclosed that the office is there to meet the needs of all candidates residing in Imo State.

Furthermore, the Director stated that JAMB, under Prof. Is-haq Oloyede has invested heavily in infrastructural development especially in the areas of electronic testing. She stated that the Board had erected a 750-seater capacity Computer-Based Test (CBT) Centre in Owerri which happened to be the second largest in Nigeria. Besides that, she added that JAMB had another 500-seater capacity CBT centre at Mbano. She, therefore, called on the State Government to partner with the Board by building a similar structure at Orlu to enable candidates from that area of the State to have easy access to the Board's services.

Mrs. Anyaegbu similarly expressed appreciation to the State Government for partnering with the Board in its 2023 Teachers' Recruitment exercise stating that the Board would not hesitate to render quality service whenever called upon.

Chatting with the JAMB Bulletin at the sidelines of the event, she enjoined candidates, parents, and other

stakeholders alike in the State to judiciously make use of the facilities provided at the various centres and seek clarification on any grey areas, rather than patronizing touts, who would prey on their innocence.

In his reaction, the Commissioner expressed gratitude to the Board's delegation for the visit and commended the big strides the Board had made in terms of infrastructural development particularly in Imo State, where two separate mega CBT centres were situated.

In the company of the Director were the Accountant, Ebenezer Owolafe; Public Relations Officer (PRO); Chukwudi Anuforom, Head of Administration; Ezechinyere Amadigwe, Head of Admissions Monitoring; and Ms. Obiageli Maduba, among others.

ADVISORY ON PROCEDURE FOR EMERGENCY TRANSFER OF RETURNEE NIGERIAN STUDENTS INTO NIGERIAN UNIVERSITY SYSTEM IN TIME OF CRISIS

Please find below the procedure for processing transfer of Returnee Nigerian Students into Nigerian University system in time of crisis:

1. A prospective student travelling abroad for undergraduate studies normally registers (document his/her travel) with the Federal Ministry of Education (FME) and obtains a Document ID. It is called "Notification to Study Abroad". In case of crises such registration becomes helpful.
2. Anyone who did not but has now become a returnee who is desirous of transfer into a Nigerian University must do a retroactive registration with the Federal Ministry of Education as follows:
 - Go to FME website - www.education.gov.ng
 - Go to attestation of academic documents or <http://ess.education.gov.ng>
 - Tick the certificates you want to evaluate (Tick your highest qualification in Nigeria to enable you pick a date)
 - Pick a date
 - Make payment via remittal - RRR code
 - Print Appointment Slip
 - Go to FME Revenue Unit - 2nd floor
 - Go to 8th floor - Evaluation Accreditation Division with original copies of your credentials base on your Date of Appointment

ADVISORY ON PROCEDURE FOR APPLICATION FOR FOREIGN INTER-UNIVERSITY TRANSFER FOR STALITES (NOT FRESHERS)

Please find below the procedure for application for foreign inter-University transfer for Stalites:

1. The proposed institution sends a list of all candidates (not Freshers) for foreign Inter-University transfer to State JAMB Office with a letter of indemnity.
2. The proposed institution directs each candidate to State JAMB Office to create his/her profile on efacility platform (Candidate not on the list earlier sent by the proposed institution would be rejected by the State JAMB Office and cannot process any application on the system).
3. At State JAMB Office, the candidate fills the INTER-UNIVERSITY TRANSFER APPLICATION FORM FOR STALITES (NOT FRESHERS) FROM FOREIGN UNIVERSITIES online which would be available only at the State JAMB Office (Note that only the State JAMB Office that the institution is located can attend to the candidates).
4. Each candidate is expected to print and submit the auto-generated Indemnity Form after completing the application to his/her Current and Proposed Institutions for the signature of the Heads of the Institutions to indemnify JAMB on the accuracy of the information provided by the candidate. The form is to be endorsed first by the current institution.
5. The Proposed Institution sends the endorsed and indemnified form to the Coordinator of the State JAMB Office.
6. The form is uploaded from the State JAMB Office to the Headquarters and made available to the efacility platform for processing.
1. If the application is approved, the candidate is notified through his/her email.
2. The candidate can thereafter print his/her admission letter and access other services online from his/her profile.

Note: Each candidate is to pay for the services online (www.jamb.gov.ng) using ATM cards, Quick Teller or other e-payment channels available for any of the Board's services.

The Registrar of JAMB, Prof. Is-haq Oloyede addressing the delegation from NISS during their visit to JAMB

Oloyede expressed appreciation to the leadership of the Institute for the visit stressing that the relationship between the two agencies of government was crucial for national development.

He stated that the partnership was capable of establishing a cogent link for nation building as well as ensuring national peace, harmony, progress and unity. In his address, the Director highlighted the significance of inter-agency cooperation in building a more secure and prosperous Nigeria. He also emphasized the role of well-

trained professionals, not only in security matters but also in contributing to the overall progress of the nation, adding that educational and security institutions had a responsibility to contribute meaningfully to the nation's developmental aspirations.

Responding, the Registrar also extolled the existing cordial relationship between the two agencies stressing that both JAMB and NISS have similar objectives, which, according to him, encompassed national progress, peace and unity, as well as academic excellence, security and national stability. In his closing remarks, the Registrar showcased some staff

...EDUCATIONAL ASSESSMENT: Stakeholders Forms National Assessment Academy (NAA)

the body would be domiciled at the Teacher Registration Council of Nigeria (TRCN) pending its full take off.

According to a statement emanating from the Board, the Academy has as its founding stakeholders: the Nigeria Academy of Education, JAMB, TRCN, Medical Laboratory and Science Council of Nigeria (MLSCN), Chartered Institute of Bankers of Nigeria (CIBN), Pharmacists Council of Nigeria (PCN), Chartered Insurance Institute of Nigeria (CIIN) and the Nigeria Medical Association (NMA).

Others are the Joint Universities Preliminary Examinations Board (JUPEB), Nigerian Institute of Science Laboratory (NISL), National Institute of Science Education and Research (NISER), National Institute of Marketing of Nigeria Market (NIMN), Nigeria Institute of Civil Engineers (NICE) and Institute of Chartered Chemists of Nigeria (ICCON), among others.

The statement further disclosed that the desire to birth a world-class Academy in the country, was conceived following a series of brainstorming interactions first at the Joint Admissions and Matriculation Board headquarters in Bwari

followed by the sitting up a various committees all geared towards identifying and addressing the existing gaps in the areas of professional assessment by educational assessors through the instrumentality of policy formulation, standards setting, training and certification across all professional disciplines.

It is, therefore, expected to have these founding members to be driven by the passion and desire to deepen and enrich the scope of educational assessment practice through the creation of requisite competences in Nigeria in line with global best practices. This, according to the statement issued at the end of an interactive session, would be achieved via collaborative networking and partnership which will, in turn, foster accountability, transparency, sustainability, lifelong learning and shared vision as guiding principles and propelling parameters.

The Academy, which is poised to improve the quality of educational assessment through the generation of competent educational assessors, would also be expected to certify professional educational assessors in the long run.

Furthermore, the statement declared that the Academy will not only conceive but also coordinate educational assessment policies, and programmes, as well as establish and harmonise basic educational assessment criteria in Nigeria in addition to providing a platform for collaboration, cooperation, partnership and synergy among professional educational assessors and professional agencies.

It is also expected that when the Academy is fully operational, each organisation would have its assessment training tailored to its requirements based on specific mandates, goals and aspirations of respective organisations.

Trainees would be welcome from government, corporate, international, national and private organisations, as such, the Academy will be receptive of patronage from both public and private organisations.

In terms of duration of training, trainees' stay at the Academy would vary in terms of duration and level of engagement depending on the curriculum being offered.

Second series.

CESSATION OF ILLEGAL/IRREGULAR ADMISSIONS

- 🌐 All applications of admissions to **First Degree, National Diploma, National Innovation Diploma and the Nigeria Certificate in Education into Full-Time, Distance Learning, Part-Time, Outreach, Sandwich, etc.**, must be processed **ONLY** through the Joint Admissions and Matriculation Board (JAMB).
- 🌐 No Institution should advertise or sell “application forms” for admissions into the programmes. Institutions should advertise candidates to apply to them through Joint Admissions and Matriculation Board (JAMB). Duplication of application forms is **NOT** allowed.
- 🌐 Joint Admissions and Matriculation Board (JAMB) and the three (3) Regulatory Agencies (National Universities Commission (NUC), National Board for Technical Education (NBTE) and National Commission for Colleges of Education (NCCE) will ensure that all Tertiary Institutions comply with this policy directive. Other Professional Regulatory Agencies will also play a role in sanitizing the process.
- 🌐 The duration of all Non-Full Time Studies must be maintained as approved by the Regulatory Agencies. This is generally not less than one hundred and fifty percent (150%) of the equivalence of Full Time.

ADVERTORIALS

- 🌐 Institutions that desire to place advertisement can do so with the requirement that candidates who sat for the current **UTME** (or **DE** candidates) should change to their institutions as First (1st) Choice rather than requesting the candidates to purchase another application form or apply. This is to prevent the issue of double registration which is a violation of the mandate of JAMB.
- 🌐 It should be reiterated that no Institution should advertise or sell “application forms” for admissions into the programmes listed above. Institutions should advise candidates to apply to them through Joint Admissions and Matriculation Board (JAMB). Duplication of application forms is **NOT** allowed.
