JAMB PARTNERS FGGC BWARI ON ACADEMIC EXCELLENCE

The Registrar of JAMB, Prof. Is-haq Oloyede (3rd R); the Principal, FGGC, Bwari, Mrs Gladys Ibrahim With members of management of JAMB and FGGC during the visit of JAMB to FGGC.

Ahead of the 2024 Unified Tertiary Matriculation Examination(UTME), the Joint Admissions and Matriculation Board(JAMB) has promised to support the Federal Government Girls College(FGGC), Bwari, with computer appreciation training to enhance the students' performance in their terminal examination and the UTME.

The Registrar, Prof. Is-haq Oloyede, dropped this hint on 15th October, 2023, during his visit to

the school. He pointed out that the Board would want the school to enjoy the benefit of being in the same locality with the Board. Furthermore, he said the training would be rewarding to all the students as it would give them the necessary confidence to work on the computer.

The Registrar reiterated his stand on the fact the institutions located in a certain locality should be able to give back to the community.

Earlier, the Principal, Mrs Gladys Ibrahim, said it was a privilege having the school on such exercise and assured the Registrar of the readiness of the school and the students to take such advantage of the initiative. While reiterating the school's zero tolerance for

CHART CLEAR, REALISTIC GOALS FOR YOURSELVES - MAGASHI ADMONISHES FRESH STUDENTS

The Katsina State Coordinator of the Joint Admissions and Matriculation Board, (JAMB) Mr. Nasiru Magashi, has admonished fresh students of the Katsina State Institute of Technology and Management (KSITM) to chart clear and realistic goals for themselves so as to have a brighter future, stressing that vague goals are usually ambiguous, misleading and

unrealisable.

Magashi gave the admonition in a chat with the JAMBULLETIN on the sidelines of the institution's matriculation ceremony for the 2022/2023 Academic Session, held on 17th October, 2023, at the Convocation Hall of the Institute. He also urged the students to stay committed, determined and consistent to achieve

JAMB CAUTIONS ATAP ON ILLEGAL ADMISSIONS

The Joint Admissions and Matriculation Board(JAMB) has warned Abubakar Tatari Ali Polytechnic, Bauchi, against its continued involvement in backdoor admissions. The Zonal Director, Bauchi, Hon.Danladi Mohammed, sounded the note of warning during the visit of the management of the institution to his office in Bauchi. He stated that JAMB

would no longer condone admissions done outside the Board's Central Admissions Processing System(CAPS). According to the Director, based on observations made in the Zonal Office, the majority of the regularisation cases treated in the office are from the institution. He pointed out that the implication of that is that the institution

has done more illegal admissions than any other institution in the State. He, therefore, restated that as from 2021 onwards, any admission conducted outside CAPS would not be condoned by the Board. He, therefore, advised the institution to take advantage of the window of opportunity provided by the Board to clear its backlog of illegally-conducted admissions. The

Director, however, commended the institution on its drive to re-invigorate its Computer-Based Testing centre and their plan to, as a matter of urgency, construct an additional centre within the institution to cater for the Board's UTME examination as well as its desire to switch to Computer-Based Testing mode for the institution's internal examinations. Earlier, the management of the institution led by its Rector, Dr Hashim Sabo Bello, said the visit was to strengthen the existing cordial relationship between the institution and the Zonal Office. The Rector stressed

that the Polytechnic's core mandate is the award of National Diploma and Higher National Diploma, but because of incessant demand, ATAP has been producing candidates in other programmes through its affiliation with Abubakar Tafawa Balewa University, Bauchi. He promised to heed the warning on the conduct of illegal admissions by conducting all its admissions through CAPS. The Rector was accompanied on the visit by the Registrar, Alh. Lawal Sambo; the Bursar, Alh. Lamarin Muhammad Gidado; the Director of Works and Maintenance, Engineer Muhammad Mujtaba Jibril; the Director, Degree Programmes, Engineer Aliyu Mohammed Lawal; and the Admission Officer, Bello Gimba.

Paper Written by Chatbot ...As culled from The Chronicle of Education

An academic paper entitled Chatting and Cheating: Ensuring Academic Integrity in the Era of ChatGPT was published recently in an education journal, describing how artificial intelligence (AI) tools "raise a number of challenges and concerns, particularly in relation to academic honesty and plagiarism".

What readers – and indeed the peer reviewers who cleared it for publication – did not know was that the paper itself had been written by the controversial AI chatbot ChatGPT.

"We wanted to show that ChatGPT is writing at a very high level," said Prof Debby Cotton, Director of Academic Practice at Plymouth Marjon University, who pretended to be the paper's lead author. "This is an arms race," she said. "The technology is improving very fast and it's going to be difficult for universities to outrun it."

Prof. Cotton, along with two

colleagues from Plymouth University who also claimed to be co-authors, tipped off editors of the journal Innovations in Education and Teaching International. But the four academics who peer-reviewed it assumed it was written by these three scholars.

For years, universities have been trying to banish the plague of essay mills selling pre-written essays and other academic work to any students trying to cheat the system. But now academics suspect even the essay mills are using ChatGPT, and institutions admit they are racing to catch up with – and catch out – anyone passing off the popular chatbot's work as their own.

The Observer has spoken to a number of universities that say they are planning to expel students who are caught using the software.

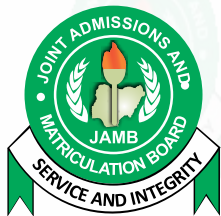

Thomas Lancaster, a computer scientist and expert on contract cheating at Imperial College

London, said many universities were "panicking".

"If all we have in front of us is a written document, it is incredibly tough to prove it has been written by a machine because the standard of writing is often good," he said. "The use of English and quality of grammar is often better than from a student."

Lancaster warned that the latest version of the AI model, ChatGPT-4, which was released last week, was meant to be much better and capable of writing in a way that felt "more human".

Nonetheless, he said academics could still look for clues that a student had used ChatGPT. Perhaps the biggest of these is that it does not properly understand academic referencing – a vital part of written university work – and often uses "suspect" references, or makes them up completely.

EDUCATION IN THE MEDIA

TRIBUNE NEWSPAPER, SUNDAY 15TH OCTOBER, 2023 - WASSCE: We Don't Rank States' Performance – WAEC: The West African Examinations Council (WAEC) has denied a social media report that claimed Abia State was the best-performing state in this year's May/June West African Senior School Certificate Examinations (WASSCE). WAEC clarified that it does not engage in ranking candidates' performance based on their states, as its examinations are international. The Head of Public Affairs unit of WAEC, Mrs. Moyosola Adesina, stated that the organization had consistently clarified this position and disassociated itself from the report rating Abia as the best-performing state in its last May/June Examination. **Also in VANGUARD NEWSPAPER, SUNDAY 15TH OCTOBER, 2023 and LEADERSHIP NEWSPAPER, SUNDAY 15TH OCTOBER, 2023.**

NEW TELEGRAPH NEWSPAPER, SUNDAY 15TH OCTOBER, 2023 - Re: JAMB, Nigerian Universities and Fraud: The Joint Admissions and Matriculation Board (JAMB) was alarmed reading through the above publication in the Friday, 6th October, 2023 edition of the New Telegraph. It is preposterous to imagine that such an article could be published as reading through it, one cannot but be perplexed to really connect the nexus of the article. This is on account of the fact that the writer does not seem to have the slightest knowledge of the issues at stake. In effect, neither does he understand the regulatory procedures of the Joint Admissions and Matriculation Board nor care to

research on who actually has the powers to admit and how such powers are exercised especially with so many unfounded insinuations and street gist about the operations of the Board as peddled in the publication.

The functions of the Board as it affects the regulation of the conduct of admission to all tertiary institutions in Nigeria is at the foundation of national development and so strategic to our progress and coexistence that anyone writing on it must conduct in-depth research and not rely on mere speculations. The Joint Admissions and Matriculation Board has never usurped the power of admitting candidates from the tertiary institutions in its over four decades of existence. Its mandate has been and still remains the regulation of the conduct of admission in a manner that ensures fairness and equity. **Also in NEW TELEGRAPH, SUN AND NATION NEWSPAPERS OF MONDAY 16TH OCTOBER, 2023.**

DAILY TRUST NEWSPAPER, SUNDAY 15TH OCTOBER, 2023 - Employment: MDAs Must Adhere To Federal Character Principles – Reps: A former Deputy Speaker of the House of Representatives and Chairman, House Committee on Federal Character, Ahmed Idris Wase, has reiterated that the House will ensure strict adherence to federal character principles in ministries, departments and agencies of the federal government. Wase made the assertion at the inaugural meeting of the committee in Abuja where he said the composition of government agencies, especially in their

recruitments, must reflect federal character to promote national unity. **Also in DAILY TRUST NEWSPAPER, SUNDAY 15TH OCTOBER, 2023 and THISDAY NEWSPAPER, SUNDAY 15TH OCTOBER, 2023.**

GUARDIAN NEWSPAPER, TUESDAY 17TH OCTOBER, 2023 - Minister Tasks Principals Of Unity Colleges On Protection Of School Children From Attacks: Education Minister, Prof. Tahir Mamman has charged principals of Federal Unity Colleges across the country to protect their schools and students from any form of attack or banditry. Mamman, who gave the charge, recently, at a meeting with principals of the 112 unity colleges in continuation of briefings from departments and chief executives under the supervision of the Federal Ministry of Education, described the unity colleges as national treasures, which must be protected at all cost.

Students Based On Available Facilities, Babalakin Tells Schools: National President of Government College, Ibadan Old Boys Association (GCIOPA), Olawale Babalakin, SAN, has called on schools at all levels, to ensure the number of students admitted aligns with available learning facilities.

Babalakin made the call during the 2023 annual reunion and public lecture of the association, recently, in Akure, Ondo State, noting that schools in Nigeria have been reduced to mere shadows of their former selves. **Also in TRIBUNE NEWSPAPER, THURSDAY 19TH OCTOBER, 2023 and LEADERSHIP NEWSPAPER, THURSDAY 19TH OCTOBER, 2023.**

TRIBUNE NEWSPAPER FRIDAY 20TH OCTOBER, 2023 - Tinubu Will Reset Education Sector in Nigeria - Minister...No Teacher Should Earn Less Than NN250,000 - Reps Committee: The Federal Government has stated that the current administration of President

Bola Ahmed Tinubu is resolutely determined to reset Nigeria's education sector as a critical component of his renewed hope agenda.

Minister of Education, Professor Tahir Mamman, SAN, made this statement at a one-day national stakeholders' workshop on the development of a roadmap for the Nigerian education sector (2023-2027) in Abuja on Thursday 19th October, 2023.

During the workshop, the House of Representatives Committee on University Education called for salary increments for primary, secondary, and university teachers. The Chairman of the Committee, Hon. Abubakar Fulata, specifically said that teachers should not earn less than N250,000, N500,000, and N1 million, respectively, as their monthly remuneration.

...AI Makes Plagiarism Harder to Detect, Argue Academics

Cotton said that in order to ensure their academic paper hoodwinked the reviewers, references had to be changed and added.

Lancaster thought that ChatGPT, which was created by the San Francisco-based tech company OpenAI, would "probably do a good job with earlier assignments" on a degree course, but warned it would let them down in the end. "As your course becomes more specialised, it will become much harder to outsource work to a machine," he said. "I don't think it could write your whole dissertation."

Bristol University is one of a number of academic institutions to have issued new guidance for staff on how to detect that a student has used ChatGPT to cheat. This could lead to

expulsion for repeat offenders.

Prof Kate Whittington, an associate pro-vice-chancellor at the university, said: "It's not a case of one offence and you're out. But we are very clear that we won't accept cheating because we need to maintain standards."

She added: "If you cheat your way to a degree, you might get an initial job, but you won't do well and your career won't progress the way you want it to."

Irene Glendinning, head of academic integrity at Coventry University, said: "We are redoubling our efforts to get the message out to students that if they use these tools to cheat, they can be withdrawn."

Anyone caught would have to do

training on the appropriate use of AI. If they continued to cheat, the university would expel them. "My colleagues are already finding cases and dealing with them. We don't know how many we are missing but we are picking up cases," she said.

Glendinning urged academics to be alert to language that a student would not normally use. "If you can't hear your student's voice, that is a warning," she said. Another is content with "lots of facts and little critique".

She said that students who can't spot the weaknesses in what the bot is producing may slip up. "In my subject of computer science, AI tools can generate code but it will often contain bugs," she explained. "You

their dreams.

Earlier, the Rector of the Institute, Dr. Babangida Albaba, in his speech, disclosed that four hundred and forty-two (442) students were

admitted into various programmes leading to the award of National Diploma (ND) and National Innovative Diploma (NID).

In his concluding remarks, the Rector

charged the students to concentrate on their studies and be of good conduct at all times urging them to shun all acts inimical to the image of the Institute.

EMBRACE DILIGENCE, INTEGRITY AND DEDICATION TO DUTY - ANEKWE

The Ag. Abia State Coordinator of the Joint Admissions and Matriculation Board (JAMB), Mrs Juliet Anekwe, has charged members of staff of the State Office to embrace diligence, integrity and dedication to duty.

The Ag. State Coordinator gave the charge during a change of baton ceremony organised by the former State Coordinator, Mr. Johnson Adebisi who has been redeployed to the National Headquarters Annex, Kaduna as the Deputy Director, Zonal Matters, to officially hand over to the new Ag. Coordinator.

According to her, spirit of teamwork

and hardwork is a sine qua non for success. She charged the staff to eschew indolence, lackadaisical attitude and lateness to work, and embrace diligence, punctuality and dedication to duty. Mrs. Anekwe also urged members of staff of the State Office to always place the interest of the Board above self.

Furthermore, she urged the staff to embrace the spirit of teamwork, which, she said, would promote interpersonal relationships and by extension, organisational development.

In his remarks, the outgoing State Coordinator expressed his

appreciation to members of staff of the State Office for the unalloyed support they gave him when he was their Coordinator and urged them to accord same to the new Ag. State Coordinator.

In his response, Mr. Anayo Ogbuagu who spoke on behalf of his colleagues, thanked the outgoing Coordinator for the tutelage he gave them as his subordinates and expressed their readiness to Cooperate with the new helmsman to take the State Office to greater heights.

ABIA STATE OFFICE HOLDS HEALTH TRAINING WORKSHOP FOR STAFF

In its bid to ensure that they stay hale and hearty at all times, members of staff of the Abia State Office of the Joint Admissions and Matriculation Board, (JAMB), Umuahia, have been enjoined to pay adequate attention to their health needs in the course of discharging their official duties.

The Ag. State Coordinator, Mrs Juliet Anekwe, gave the advice on Tuesday, 17th October, 2023, during a health training workshop organised for staff of the office in Umuahia.

Anekwe revealed that the alarming reports of people fainting at their duty posts makes it mandatory for

the State Office to organise the health training workshop for its staff. In her words; "Health, they say is wealth and I urge you to take this very serious. I understand the stress and struggles you go through particularly with the current economic hardships in the country, but you must be conscious of your health needs at every point in time". She stated that it would be preferable to celebrate with staff in good health than coming to pay condolence visits to their families. Hence, she advised staff not to wait till they are down before seeking

medical attention but should always endeavour to go for regular medical checkups to avoid complications.

Furthermore, the Ag. Coordinator stated that the State Office would continue to organise more of such sensitisations for the overall benefit of the staff and the Board.

Responding on behalf of other members of staff, the SERVICOM Desk Officer/PRO, Mrs Calista Umeadi, thanked the Ag. Coordinator for her care and concern for staff and solicited more of such trainings for staff.

Nigeria Post-secondary Education Data System (NIPEDS)

Following the enormity of the challenges associated with the A 'level qualifications and stakeholders determined efforts to address them, an A 'level bank was instituted under the chairmanship of the former Vice-Chancellor of Bayero University, Kano, Prof Muhammad Yahuza Bello. The Data Bank has now been renamed "Nigeria Post-secondary Education Data System (NIPEDS)".

The conversion to NIPEDS is to streamline the functions of the A 'level bank in line with international standard thereby bringing total sanity to the entire process of A 'level qualifications that has been fraudulently manipulated by some candidates to gain undue advantage in securing admission into Year Two of the University Degree programmes.

Mr. Adamu disclosed this in his

While addressing his host, the State Coordinator, Mr. Bello Aminu, revealed that the purpose of the visit was to congratulate the Managing Director on his recent appointment as the new Chief Executive Officer of the Jigawa State Radio Corporation

REMITTANCE OF SURPLUS TO THE FEDERAL COFFERS IS BENEFICIAL - OLOYEDE

The Registrar of the Joint Admissions and Matriculation Board, Prof. Is-haq Oloyede, during a recent visit to the Ogun State office of the Board said the remittances of surpluses to the coffers of the Federal Government since he assumed office is beneficial, especially to the staff.

Prof. Oloyede explained that the remittances of the surpluses build sustainability for staff. He added that if the government directs that salaries of staff to be paid by the

Board, it might be a little difficult as the total of 6 billion naira is what is needed to pay salaries but the surplus returned this year was 4 billion naira and that is far from the amount needed. He said the money is protected and prepares the Board for any eventualities.

He further stated that work on the proposed Southwest 7,000 capacity Professional Test Centre has been put on hold because those working on the project are waiting for the issues on the land to be resolved. He, however, clarified that the Certificate of Occupancy had been issued to the Board by the former Governor of the state, Mr. Ibikunle Amosun. He said when the centre is ready, candidates from the Southwest are free to choose to write UTME in Abeokuta as all examinations could even be conducted there.

Mrs Kafayat Ibiwoye, Head, Matriculation Monitoring, explained that the cost of diesel and electricity unit has increased and this must not

stop the office from rendering services to the public. She pleaded that something should be done about it.

The Registrar responded that there might be a review of service charges upward as the running cost of the organisation is affected by the general increase in the cost of living in the country.

He stated categorically that he had information about corruption in the office and directed that a comprehensive report be sent to him in that regard. He also gave directives which would enhance the smooth-running and well-defined structure of the office and steps have been taken in this regard.

The State Coordinator, Mr. Hakeem AbdulHameed who was represented by a number of staff on ground appreciated the Registrar for his visit, constant transparency, initiatives and prayed that the Board under his administration be more efficient and effective.

EFFECTIVE SERVICE DELIVERY: AKINTOLA CANVASSES IMPROVED ICT SKILLS FOR STAFF

The Ag. Director, Ibadan Zonal Office, Mr. Olugbenga Akintola, has called on staff to improve on their ICT skills towards enhanced service delivery within the Zone and the Board in general. The Director made the call in an interactive session with members of staff of the Zonal Office in Ibadan on Tuesday, 17th October, 2023, while discussing various ways through which the office could surpass its enviable records on service delivery. Mr. Akintola, who spoke through the Deputy-Director, Zonal Matters, Mr. Oladele Daramola, said, "ICT isn't static. It evolves over time, as such, there's a need for constant updating

of not only the software and hardware but also of the personnel. Anyone who fails to improve on his ICT skills would become obsolete and the previously acquired skills rendered useless." The Ag. Director reiterated that for optimal performance to be achieved, all hands must be on deck through maximization of staff potential, particularly, through improved ICT knowledge. This, according to him "does not exclude anyone. We are in the era of technology, as such, every available resource would be put to efficient use towards achieving the goals of the Board, don't be left behind." Furthermore, he disclosed

that the office would continue to train and re-train its staff in order to equip them with necessary skills that would reflect their competitiveness in the 21st-century workplace. In her remarks, the Zonal Technical Officer, Bukola Okelola, submitted that improved ICT skills would impact productivity as well as sharpen staff proficiency. Ms. Okelola also assured staff of the win-win outcome of the commitment, which she said would empower them with long-lasting skills that would positively impact their productivity and career profile in today's ICT-driven society.

CESSATION OF ILLEGAL/IRREGULAR ADMISSIONS

- 🌿 All applications of admissions to **First Degree, National Diploma, National Innovation Diploma and the Nigeria Certificate in Education into Full-Time, Distance Learning, Part-Time, Outreach, Sandwich, etc.**, must be processed **ONLY** through the Joint Admissions and Matriculation Board (JAMB).
- 🌿 No Institution should advertise or sell “application forms” for admissions into the programmes. Institutions should advertise candidates to apply to them through Joint Admissions and Matriculation Board (JAMB). Duplication of application forms is **NOT** allowed.
- 🌿 Joint Admissions and Matriculation Board (JAMB) and the three (3) Regulatory Agencies (National Universities Commission (NUC), National Board for Technical Education (NBTE) and National Commission for Colleges of Education (NCCE) will ensure that all Tertiary Institutions comply with this policy directive. Other Professional Regulatory Agencies will also play a role in sanitizing the process.
- 🌿 The duration of all Non-Full Time Studies must be maintained as approved by the Regulatory Agencies. This is generally not less than one hundred and fifty percent (150%) of the equivalence of Full Time.

ADVERTORIALS

- 🌿 Institutions that desire to place advertisement can do so with the requirement that candidates who sat for the current **UTME** (or **DE** candidates) should change to their institutions as First (1st) Choice rather than requesting the candidates to purchase another application form or apply. This is to prevent the issue of double registration which is a violation of the mandate of JAMB.
- 🌿 It should be reiterated that no Institution should advertise or sell “application forms” for admissions into the programmes listed above. Institutions should advise candidates to apply to them through Joint Admissions and Matriculation Board (JAMB). Duplication of application forms is **NOT** allowed.
