Involvement of Registrars in Admission Process

- ✓ **Most of the past Policy meetings were constrained by venues that can not contain about 3,000 participants**
 - This venue (Body of Benchers) restore us to **ideal 3 per institution**;
 - Many institutions call for 2 for economy

- ✓ **For inclusiveness, Registrars were brought into the loop of CAPS with a “VIEW ONLY” mode to supervise the process**
 - Bonafide members but for operational space
 - Registrars have been trained on CAPS operation

- ✓ **Archive of advisories is provided on CAPS for existing and new officers to familiarise themselves with the process**
 - Tutorial videos to be provided on CAPS for new officers
 - New Heads, Registrars, Admission Officers etc have no excuse
 - Yet not a substitute for proper handover and training
 - Admission Officers were retrained yesterday at NUC

- ✓ **Capacity building is essential for technology-based services such as JAMB’s**

**MANDATORY USE OF THE NATIONAL IDENTIFICATION NUMBER (NIN)
FOR REGISTRATION WITH JAMB BY CANDIDATES APPLYING FOR
NON-REGULAR PROGRAMMES**

This Advisory is issued to all the concerned institutions, and candidates desirous of applying to study under the non-regular mode of study in tertiary institutions in Nigeria.

- As part of measures to checkmate the nefarious activities of fraudulent characters, who are scheming to compromise candidates' records through dubious registration channels and in compliance with its enabling act, JAMB has mandated that all applicants desirous of studying in Nigerian tertiary institutions must provide their NIN while registering for any programme of study in any tertiary institution in Nigeria irrespective of whether the mode of study is regular and non-regular.
- Consequently, it has now become mandatory for all prospective candidates in the non-regular category (NOUN, Distance Learning, Part-time and Sandwich programmes) to create a profile code, before registering with JAMB, by sending their NIN, through their unique phone number to either of the Board's sort code (55019 or 66019).
- Immediately after the creation of profile, each candidate will proceed to a CBT Centre for registration. After the registration, the candidate's details will appear on the CAPS of the institution of choice under non-regular admission. The institution will then propose

- and recommend to the Board for approval and the candidate will accept and print admission letter.
- Furthermore, all previous candidates in the non-regular programmes, who had not integrated their NIN or unique phone number on the Board's platform, would have to create a profile using their respective NINs to access any of the services of the Board.
- No candidate can use the process to change any of the data already supplied to the Board.
- JAMB, as a responsive organisation that is conscious of the peculiarities of the non-regular studies, will continue to make the registration process as flexible as possible by making its platform available throughout the year. It is, therefore, expected that candidates, who fall under this category, will apply through JAMB before approaching their preferred institutions to process their admission with their respective JAMB registration numbers. They would also be expected to pay their preferred institution a processing fee as determined by the respective institutions.
- Please be guided for compliance.

OPENING TIT BITS: LET US KEEP OUR SECRETS

- ✓ A parent approached JAMB for intervention on his daughter's admission to be approved for MBBS programme at a University in Nigeria
 - He claimed the University has admitted his daughter for over one month and JAMB refused to approved the Admission on CAPS
 - The daughter could not print admission letter to register at the University
- ✓ The fact is that attention of Admission Officer of the University was called to some higher-ranked candidates who were skipped in the recommendation made to JAMB
- ✓ JAMB immediately approved the admission of all the candidates immediately the skipped candidates were recommended
- ✓ What happened next?
 - **The parent sent message to the Registrar of JAMB thanking him for not doing anything other than the University doing the right thing**

Good evening Sir, the candidate admission is already approved. She can accept her admission and print her JAMB admission letter. Thank you

If JAMB had informed the father what the University did, would he have confidence in the system?

OPENING TIT BITS: TRUTH BE TOLD

Publication by Dr. Ifeanyi Onyike, HOD Mass Communication Department,
Dominican University, Ibadan

- ✓ Attention of JAMB was called to publication by Dr. Ifeanyi Onyike in the Punch Newspaper of May 7, 2024, that JAMB continues to lower ‘cut-off mark’ for candidates even when the Senate of his University was against it
- ✓ This claim is FALSE
- ✓ The truth is that, Dominican University proposed **130** as its minimum UTME score for 2023 admission
 - VC refused to pick calls from JAMB for clarification
 - The University proposed minimum UTME score was rejected for at least **140** by the Policy meeting
 - Even with 140, the University could not exhaust its quota

“JAMB cannot be exonerated. JAMB set standard for admission in Nigeria and we have watched as JAMB has continued to lower the cut-off marks for students, thereby, providing the opportunity for weak candidates to scale through the hurdle. This became a topic in our Senate meeting at Dominican University Ibadan I recall telling them that until JAMB returns the cut-off mark for admission to somewhere around 230 to 250, students will never bother putting in extra efforts to succeed.”

Following the release of these results and information, Nigerians have been actively engaging in discussions to identify potential reasons for the widespread failure and offer suggestions to various stakeholders, including the government, JAMB, parents, schools, teachers, and CBT owners, among others.

Speaking with *The PUNCH*, HOD of the Department of Mass Communication at Dominican University Ibadan, Dr. Ifeanyi Onyike, maintained that the UTME result was a reflection of what Nigeria had become, stating that the Federal Government's poor attitude towards the education sector was contributory to the decline in the standard of education in Nigeria.

He said, "The Federal Government's attitude to the education sector has been abysmally poor and contributory to the decline in the standard of education in Nigeria. The policy somersaults by different administrations trying to outdo each other don't allow for stability. Today, we are on the 6-3-3-4 system, tomorrow it's 9-3-4 or whatever they remember to name it. Curriculum and recommended texts are changed depending on who is profiteering from the venture."

Onyike complained bitterly about JAMB's act of lowering the cut-off marks for students, which in a way made it easy for academically weak students to scale through. He emphasised that poor treatment of teachers, poor supervision of schools, poor attitude of parents towards education, and poor facilities in schools all contributed to the mass failure, saying it was impossible to address one and leave the other.

"JAMB cannot also be exonerated. JAMB sets the standard for admission in Nigeria and we have watched as JAMB has continued to lower the cut-off marks for students, thereby, providing the opportunity for weak candidates to scale through the hurdle. This became a topic in our Senate meeting at Dominican University Ibadan recently when one of us lamented the number of candidates that we had to deny admissions because of either poor SSCE or JAMB results. I recall telling them that until JAMB returns the cut-off mark for admission to somewhere around 230 to 250, students will never bother putting in extra effort to succeed.

"My point here is that the decline in JAMB performance is caused majorly by regulatory weakness on the part of JAMB and the ministries of education."

The Board will continue to appeal to institutions to admit all candidates with special needs, particularly the blind candidates that meet the minimum requirement for admission

2023 DIRECT ENTRY ADMISSION – Verification of A-Level Certificates by Nigerian Post-secondary Education Data System (NIPEDS)

- ✓ JAMB discovered that **21 candidates** who paraded fake JAMB results were recommended during the 2023 admission
 - They were not approved
 - 12 of the recommendations were by ABU, Zaria – **what an audacious attitude**
 - Recommendations were possible because certificate screening was done after registration;
- ✓ 5 institutions were involved in the recommendations;
- ✓ JAMB insist that all certificates must have the signature of the Head of the institution (VC/Provost/Rector)
- ✓ The same way an **audacious individual** went to JAMB Lagos Office and pasted illegal advertisement on its notice board
 - He claimed to have capacity to print all JAMB documents
 - We paid but he could not do what he claimed – he is being hunted for arrest

An Audacious Individual

This type of audacity must be curtailed with available resources

2023 DIRECT ENTRY ADMISSION—

Verification of A-Level Certificates: Commendation by British Council

- ✓ JAMB explained and showed the British Council what is going on about fake A-level certificates
- ✓ The BC was astonished with the discovery
- ✓ It then allowed JAMB to link directly to its system to verify any Cambridge certificate submitted for DE admission
- ✓ JAMB was commended

..... For the British Council it was hugely beneficial and also erased any confusion around verification of results for UK school qualification holders in Nigeria. We wanted to Congratulate you and your team on the fabulous systems set up for tracking applications and admissions for your board. With my experience of different boards in the different countries I have worked in, this is by far the most advanced, just in time, tracking

Registrar, JAMB

Dear Prof. Oloyede

It was a pleasure meeting you and your team in the National Headquarters of JAMB in Bwari, Abuja. We are thankful for your time and the courtesy extended by your office.

We hope that the meeting was useful for your JAMB. For the British Council it was hugely beneficial and also erased any confusion around verification of results for UK school qualification holders in Nigeria. Ultimately our aim is a seamless experience for Nigerian students who are applying through JAMB for in country admissions. We wanted to Congratulate you and your team on the fabulous systems set up for tracking applications and admissions for your board. With my experience of different boards in the different countries I have worked in, this is by far the most advanced, just in time, tracking.

We would also like to thank you for covering our meeting in the JAMB bulletin on 22Jan2024. The article is well written, accurate and represents the work we are doing together for the wider student community.

Lastly we would like to express our gratitude for nominating two of your Directors for the Schools Now conference in Cape Town, South Africa from the 27 to 29Jan2024. We hope their engagement will enhance our mutual respect and a better understanding of each other's organisation.

Thanking you for your continued support.

With best regards
Deep

2024 Examination Instructions

Using Biometric Verification to enable login by Candidates for examination

Only candidates who were biometrically verified successfully were able to login for examination

Candidates not verified were not allowed into the Examination Hall because they would not be able login for examination

3,269 candidates present but could not be verified during examination were given another opportunity for Supplementary UTME. Some cases of impersonation were then detected

FALSE ALARM BY A CANDIDATE-

His Claim

Victor wrote immediately after his UTME on Saturday, 19th April, 2024, “there was a serious technical issue at this centre which disrupt the smooth writing of the exams. This affected most of the students and same was reported to the officials. Hence, many of us the candidates could not complete our papers..... In view of the above sir. I am so demoralized and I will be pleased sir if you can kindly bring back my hope and look into this matter to secure my dream by rescheduling me.”

The Fact

Despite the claim of technical hitches, **he attempted all the 160 questions** for the four subjects

After checking his results on 30th April, 2024 , he wrote to JAMB again

“Good day sir, I av seen my Jamb result and I am pleased with my score. Please sir, kindly ignore my request for rescheduling. Thank you for your cooperation.”

STRATEGIES OF MALPRACTICE

CURBING MALPRACTICE:

Institutions are not to capture new (or allow substitution) of photographs and finger prints

Capturing of fresh facial and finger biometric images of candidates encourages impersonation and substitution of paid examination takers with real candidates who must have engaged the paid examination takers for the SSCE and UTME

Concerted efforts by JAMB, other educational assessment bodies and the NYSC have implicated tertiary institutions (few of them) in the scandal

JAMB would make available (and for free) images and biometric of candidates

NEED FOR REVIEW OF ADMISSION CRITERIA Reminder!!!

CAPS REVEALED

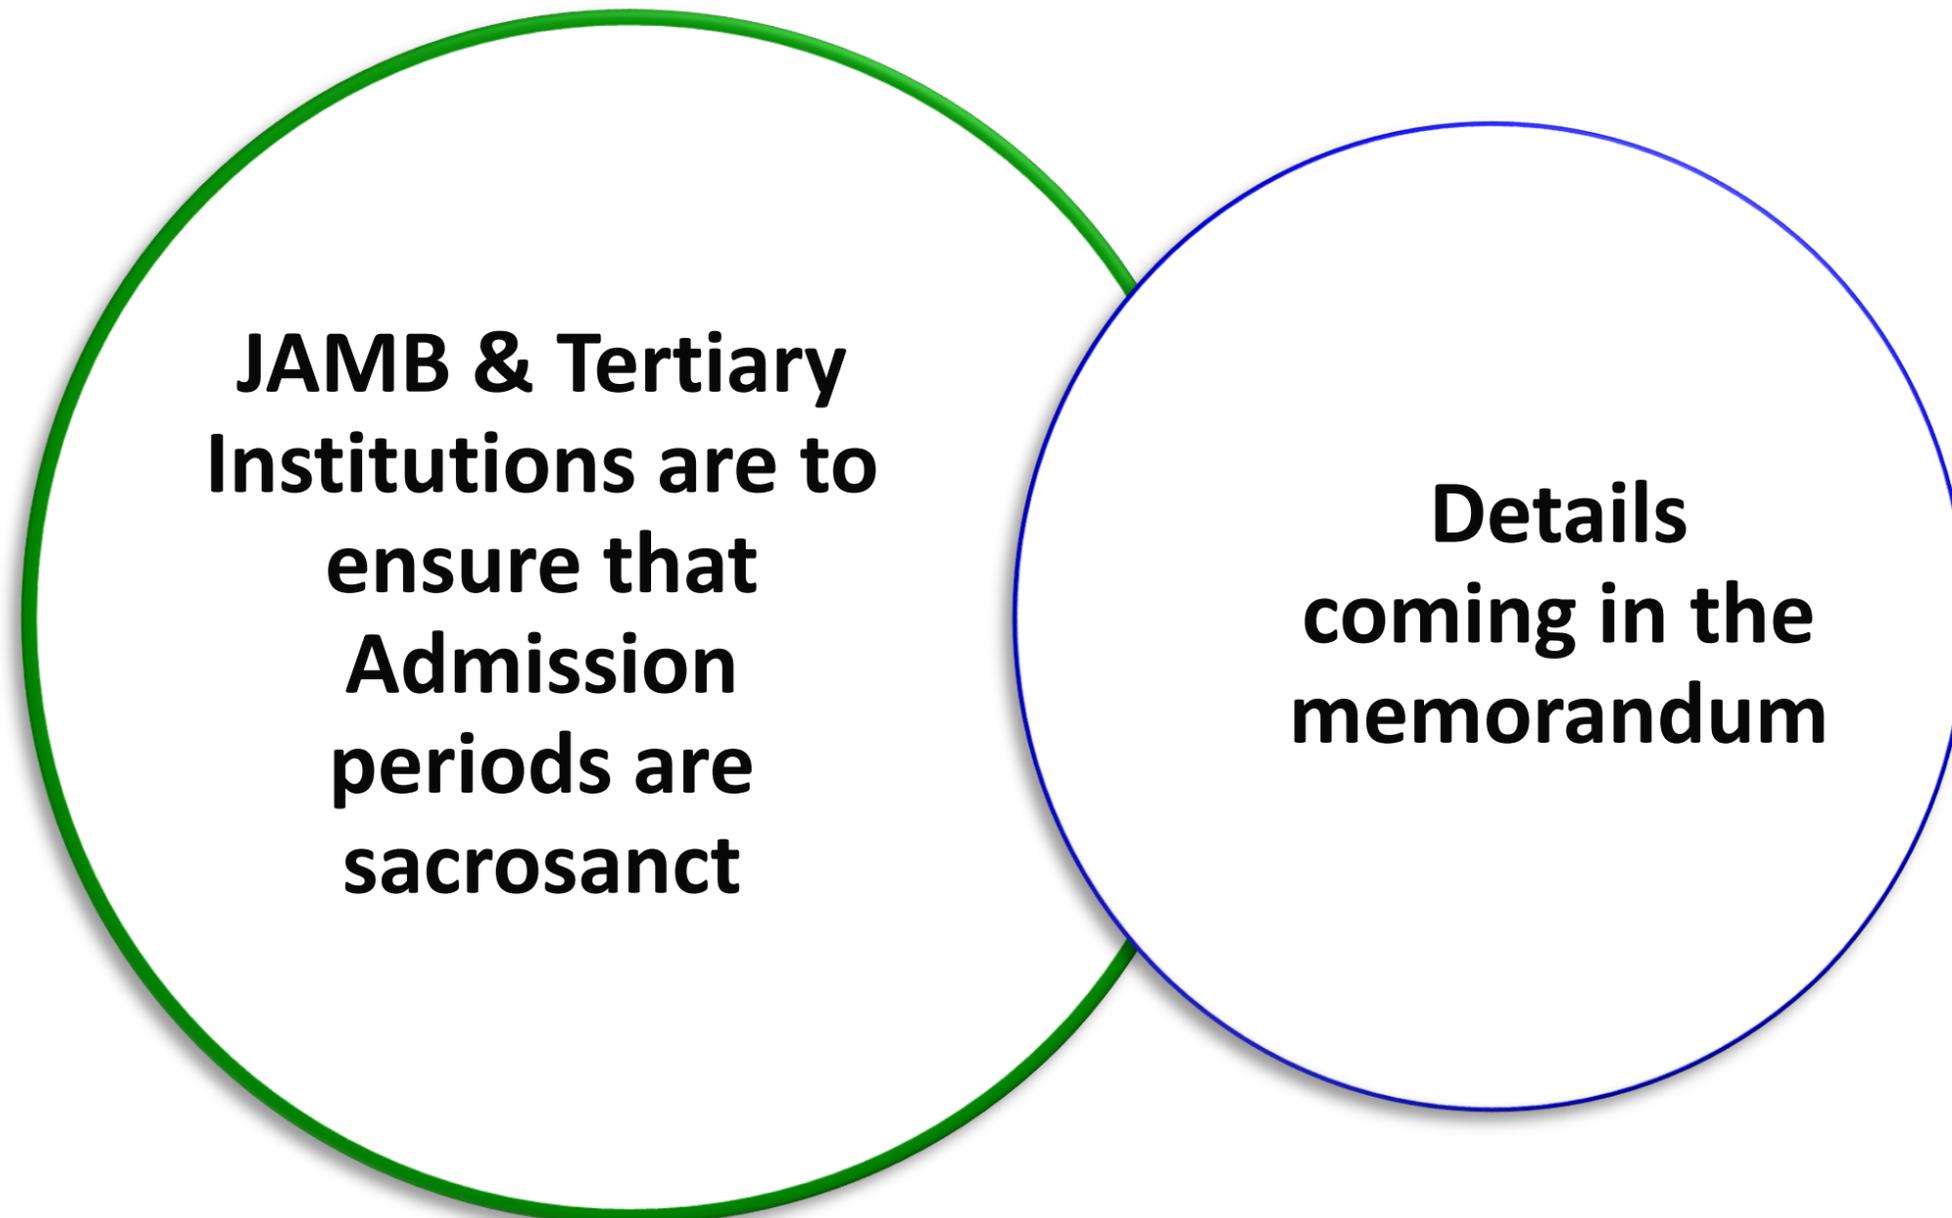

More poignantly the need to review the formula to make our institutions more National (as envisaged in the inclusion of Catchment Area in the criteria – which has been so abused)

Admission needs to be

- ✓ International (inclusion of foreign candidates)
- ✓ More inclusive (inclusion of special needs candidates)
- ✓ More realistic (restoring and recognising some Discretionary Admissions)
- ✓ Nationalisation of localised National Institutions

A new formula is long overdue to be proposed to the National Council on Education

PROFILE EXCLUSIVE TO CANDIDATES: NO THIRD-PARTY INTERFERENCE

The Board has banned all third-party interactions on its portal for any of its services

- cases have been reported with conflicting authorisation for changes on candidates' data, majorly between candidates and their parents or guardians

Fraudsters taking advantage of the naivety of some candidates to collect their vital access codes to effect unauthorised changes on their profiles

Consequently, nobody, including parents or guardians or any proxy, would have access to transact any business on candidate's profile because fingerprint (or OTP) would be required

JAMB SUPPORT SYSTEM – TICKETING Reminder!!!

candidates no longer need to travel to JAMB offices to access certain services.

The Board uses the 'ticketing system' where a candidate or anybody desiring the Board's services can send their complaint(s).
